Hinge Album with Nested Pages

EIN PROJEKT AUS UNSERER LIVE-SHOW - STUDIO 3 - 9. APRIL 2022

ÜBER DIESES PROJEKT

Create a multi-page album using a simple hinge mechanism made from scored card stock. The pages nest inside one another to form a compact, expandable book that can hold photos, memories and embellishments.

TIPPS AUS DER SHOW

- Don't worry if your hinge measurements aren't perfectly even—once you've added pages and embellishments, any slight variations won't be visible.
- If your card stock isn't large enough for the full cover, you can extend the front and back pages to cover the gaps, then decorate over them with pattern paper.
- You can incorporate envelope pockets and other embellishments into the gusset space created by the hinges.
