EIN PROJEKT AUS UNSERER LIVE-SHOW - CATCH UP WITH SIMON FOR MONDAY MADNESS IN THE HTCN STUDIO...

ÜBER DIESES PROJEKT

A striking 3D card featuring a coloured shark appearing to break through a decorative net. The design uses a die-cut scales pattern as a net effect, with the shark positioned on a raised foam layer to create dramatic depth and dimension.

TIPPS AUS DER SHOW

• If you colour outside the lines when stamping, extend the colour all the way to the edge and it will look intentional.
• You can stamp these characters on coloured paper with black ink so the matching colour shows around the edges when cut out.
• If your paper starts to curl when wet, use heat from underneath to help straighten it.
