

Circular Wreath Card Using Stamp Ring with Small Floral Stamps

EIN PROJEKT AUS UNSERER LIVE-SHOW - CATCH UP WITH PEARLYWINKS CREATIVE STENCILS LAUNCH IN THE HTC.N...

ÜBER DIESES PROJEKT

Simon demonstrates how to use the Stamp A Ring stencil to create a perfectly symmetrical circular wreath pattern. By rotating the card and stamping at alternating positions, you build a beautiful ring of small floral elements that would be impossible to achieve freehand.

For smaller stamps, stamp every single position; for larger stamps, skip every other position to avoid overlapping.

Continue rotating and stamping around the entire ring until you return to the starting point.

Once you complete the outer ring, you can fill in the gaps by rotating the card to intermediate positions if desired.

Mount the finished background onto contrasting card stock to complete the design.

TIPPS AUS DER SHOW

- Align your stamp between the top point of the stencil to keep the pattern perfectly centred as you rotate.
- The stamp ring has 16 turning points, allowing you to use very tiny stamps without large gaps between them.
- You can create an ombre effect by changing ink colours as you work around the ring.
