Slide your chosen photo into the frame slot to complete the card.

DIESEN SCHRITT ANSEHEN - 18:45

TIPPS AUS DER SHOW

- You can make this design into a fridge magnet by using craft card and attaching a magnet to the back instead of mounting it on a card.
- The nesting dies make it easy to create the layered frame effect with consistent sizing.
- Don't worry if the glue squashes out slightly between layers; you can trim it away afterwards.
