SBM Midnight Hybrid ink pad

Heart Die

Sequins: Glistening Waves

Gem pick up and pokey tool

Twine

Score board and bone folder

Red liner tape

Foam sheet/foam pads

Die Cutting machine

PASO A PASO

1

PASO 1 DE 12

Carefully peel away the protective film on the 12" square, black dotted acetate.

2

PASO 2 DE 12

Use your **scoreboard and bone folder** to fold the acetate in half, to create your card blank.

3

PASO 3 DE 12

Choose **FOUR different designs** from the Floral Art painted mounts. You will need **TWO** sheets of one of the designs, this being the front design on your card. One needs to be a slighter "lighter" design, as you will be stamping your sentiment on to this one.

4

PASO 4 DE 12

Adhere **ONE of the two front cover mounts**, on to the front of your acetate card blank, using red liner tape. Set the second mount to one side for now.

5

PASO 5 DE 12

Adhere a different mount on to the inner left page of your card blank, lining it up with the one on the front, thus covering up all the "workings".

6

PASO 6 DE 12

Adhere the "lighter" design mount, on to the inner right page.

7

PASO 7 DE 12

Adhere your fourth design on to the back of your card blank, again lining it up with the one on the inside.

8

PASO 8 DE 12

Stamp the sentiment in the Midnight ink, on to the inner right page, before setting your card to one side.

9

PASO 9 DE 12

Taking the other front cover painted mount you set aside earlier, die cut a heart. The size and position of the die cut heart is up to you.

10

PASO 10 DE 12

Cut a piece of twine and twirl in to a rough circle shape, as seen here. Use your die cut heart as a guide, as you will want the twine to extend out, from behind.

11

PASO 11 DE 12

Adhere foam pads or a heart cut from a foam sheet, on to the back of your die cut heart. Peel off the backing, arrange your twine and adhere to your card, ensuring you line up the floral design.

12

PASO 12 DE 12

Finish with a few sequins, to add sparkle to your project.
