PASO A PASO

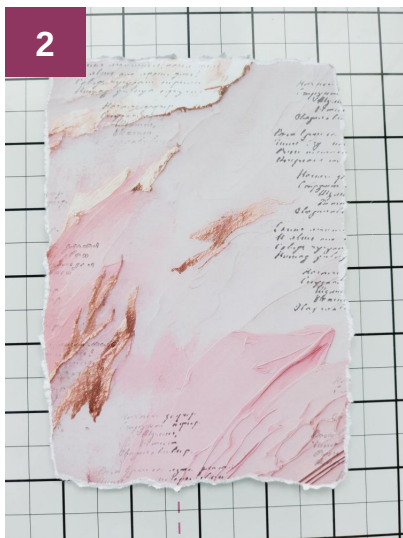

1

PASO 1 DE 12

Choose one of the sheets from the paper pad and tear to a panel that will fit on to your 5 x 7" card blank.

2

PASO 2 DE 12

Randomly stamp the script in the Versafine, off the edges of the panel.

3

PASO 3 DE 12

Choose a vellum sheet and tear a smaller panel.

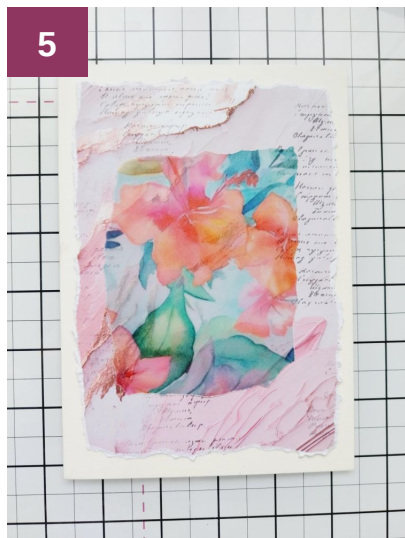

4

PASO 4 DE 12

Adhere to the centre of the torn paper panel using a tape runner under the heavily patterned/dark areas of the vellum.

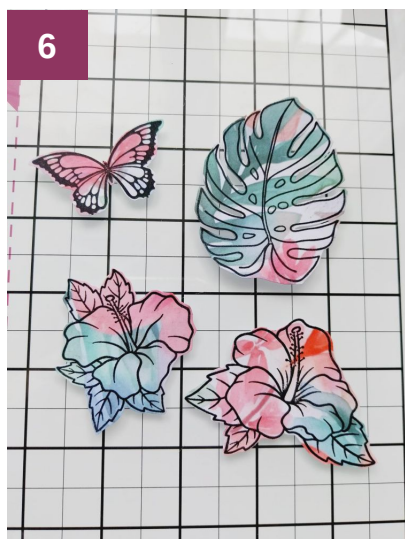

5

PASO 5 DE 12

Adhere to your cream card blank and pop to one side.

6

PASO 6 DE 12

Stamp a selection of fauna, foliage and butterflies images in Midnight, on to a sheet of the decorative paper and fussy cut.

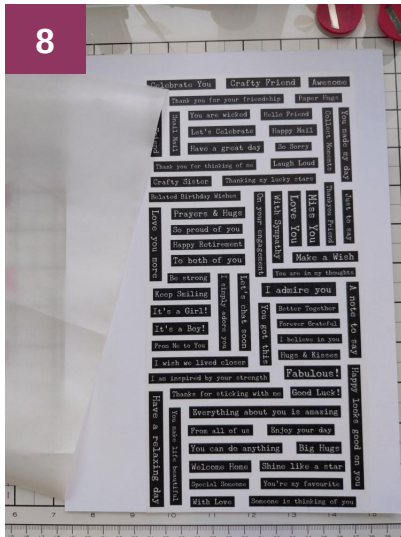

7

PASO 7 DE 12

Adhere the elements with a mixture of wet glue and foam pad, to create dimension.

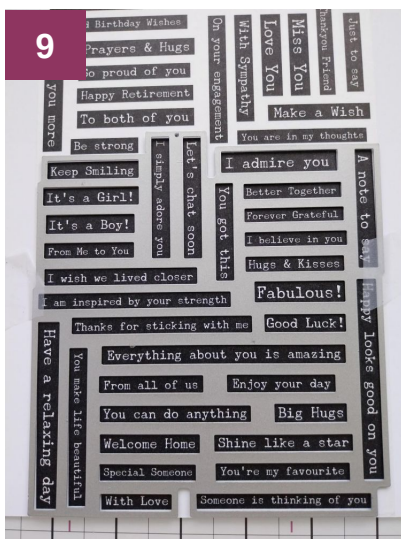

8

PASO 8 DE 12

Using the dies as a guide, cut ONE drop from the Typewriter washi roll. Lift up the backing sheet along one end of the tape and adhere across the top of an A4 sheet of white card. Slowly peel away the backing, as you use your hand to smooth the washi tape down on to the card. Once the backing has been fully removed, you can burnish the washi to ensure there are no air bubbles or creases.

9

PASO 9 DE 12

Line up the first die and secure with low tack tape before running it through your machine.

10

PASO 10 DE 12

Line up the second die and run it through your machine. Pop out all the sentiments, pick out the one you are using for this project and keep the rest in a tub for future projects.

11

PASO 11 DE 12

Adhere your chosen sentiment with foam pads, across the bottom of your 3d elements.

12

PASO 12 DE 12

Add a few sequins on, around and under your 3D display.
