SOBRE ESTE PROYECTO

Create a beautiful lakeside scene card featuring herons and water reflections using the Reflection Collection stamps. This elegant design uses layered stamping to build depth and perspective, with birds silhouetted against a serene waterscape complete with reeds and atmospheric details. The technique produces a professional-looking scene without the need for complex ink blending or acetate overlays.

PASO A PASO

1

PASO 1 DE 8

Select a patterned paper from the Marbled Elegance collection featuring pink, gold and purple watercolour wash effects. This will form the base for your card.

PASO 2 DE 8

Ink up the landscape stamp with black ink and stamp it once onto the watercolour paper to create a light silhouette of the scene.

[VER ESTE PASO - 26:00](#)**3**

PASO 3 DE 8

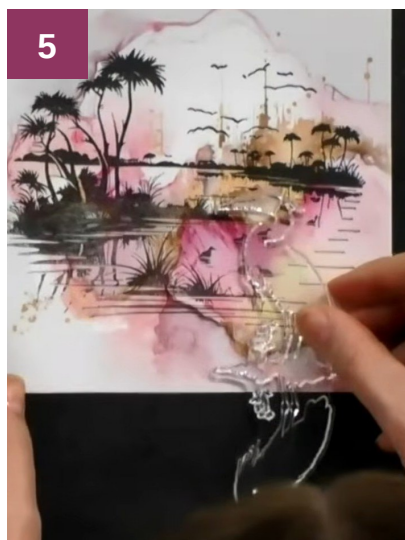

Re-ink the top portion of the stamp with solid black ink and stamp it again in exactly the same position over the previous image. This creates a darker reflection effect at the top of the scene.

[VER ESTE PASO - 27:30](#)**4**

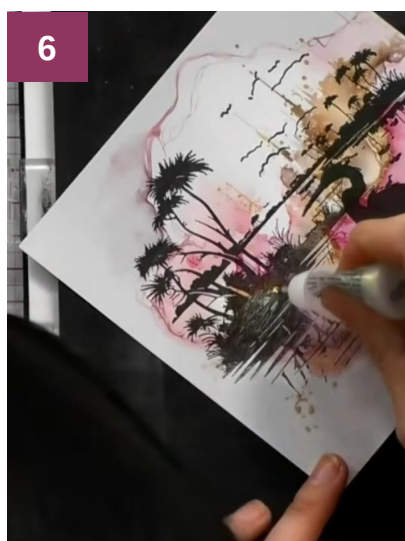

PASO 4 DE 8

Stamp the bird image onto the card using solid black ink. Position the bird in the foreground area as if it's watching over the water.

[VER ESTE PASO - 28:00](#)

**PASO 5 DE 8**

Stamp the bird image again in the same position using darker ink to create more depth and make the bird stand out more prominently against the background.

[VER ESTE PASO - 28:45](#)**PASO 6 DE 8**

Apply glitter glue randomly across the water area of the card to create a sparkling, reflective quality to the lake scene.

[VER ESTE PASO - 31:00](#)**PASO 7 DE 8**

Using a white gel pen, add small highlights to the black silhouette of the bird to create extra detail and dimension.
