

Tarjeta shaker con embossing Simplicity

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT TV- SBM ONE DAY SPECIAL - 5 MAY...

SOBRE ESTE PROYECTO

Create an elegant shaker card featuring beautiful blue and yellow floral imagery with embossed detail. Using the Simplicity embossing folder and coordinating die, you'll craft a dimensional window frame filled with acetate and decorative elements. This project combines embossing, die-cutting and shaker card construction techniques to produce a stunning interactive greeting card with an inspirational sentiment.

PASO A PASO

PASO 1 DE 7

Place your chosen cardstock into the embossing folder with the die element positioned where you want the cut-out detail. Ensure the cardstock is properly aligned within the folder before running it through your die-cutting machine.

PASO 3 DE 7

Remove the die element by gently peeling back the tape holding it in place. Carefully lift the die away from the embossed card to reveal the raised design.

4

PASO 4 DE 7

If you wish to reuse the die, tape it back into the embossing folder. Alternatively, leave it out for future use.

5

PASO 5 DE 7

Adhere an acetate sheet from the kit to the back of the embossed card front using a tape runner. This will create the window for your shaker card.

6

PASO 6 DE 7

Add your chosen embellishments into the shaker window space. Use sequins, glitter, buttons, or other decorative items in coordinating colours. The embellishments will move freely within the acetate window when the card is shaken.

7

PASO 7 DE 7

Seal the shaker by adhering a backing card to the reverse of the shaker element to complete the card. Ensure all edges are securely attached to contain the sequins or embellishments inside.

CONSEJOS DEL PROGRAMA

- The dies are strong enough to work independently if you want to remove them from the embossing folder.
- You can use any embellishments from your stash—sequins, glitter, buttons, coins, tiles, or even shoelaces for children's cards.
- If you don't use the die, you get the beautiful traditional 3D embossing folder with the chamfered frame.
