SOBRE ESTE PROYECTO

Create an elegant square gift box with a fitted lid, perfect for presenting cards, small gifts or keepsakes. PASO 2 DE 8

From one piece of card, cut a tiny sliver off the top edge and a tiny sliver off one side edge only. Do not cut all four sides or the box will be baggy.

3

PASO 3 DE 8

Score the smaller piece of card 1 inch in from all four edges to create fold lines. Use a scoring tool and ruler to ensure straight, even score lines on all sides.

4

PASO 4 DE 8

Score the larger piece of card 1 inch (2.5 cm) in from all four edges using your scoring board and bone folder.

5

PASO 5 DE 8

Cut along one straight score line from the corner. Then cut from the corner of the box inward to create hinges at each corner.

6

PASO 6 DE 8

Trim off the pointed tip at each corner of the box to remove the sharp point. This ensures the sides will sit flush when the box is assembled.

7

PASO 7 DE 8

Fold and glue or tape the four side flaps together to form the box sides, ensuring the neatest edges face outward.

8

PASO 8 DE 8

Repeat the folding and assembly process with the second piece of card to create the matching lid or base. Ensure all folds are crisp and the corners are neatly aligned.

CONSEJOS DEL PROGRAMA

- Use tape pen and glue together for longevity, as glue alone dries out over time.
- Use 300 gsm card for a sturdy box, or 250 gsm minimum—do not go lower or it will look shabby.
- Only cut a tiny sliver off two sides to avoid a baggy fit.
