

Watercolour Resist Floral Card with Heat Embossed Border

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE TOGETHER CLUB - 2 DE MAYO DE 2023

SOBRE ESTE PROYECTO

Create a stunning watercolour card featuring vibrant pink, orange and yellow hues with an elegant white heat-embossed floral border. The resist technique allows the watercolour paint to flow freely whilst the embossed roses and decorative elements remain crisp and white, creating a beautiful contrast. This eye-catching design combines traditional embossing with modern watercolour techniques for a truly artistic finish.

PASO A PASO

1

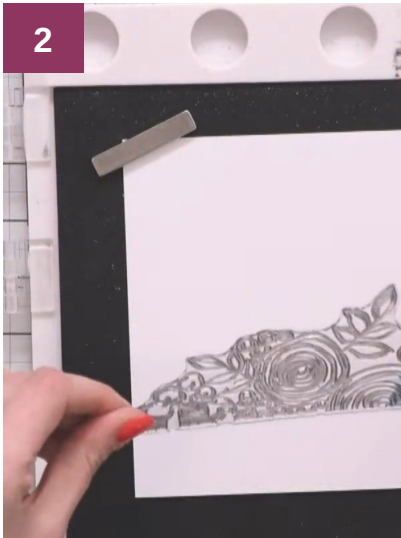

PASO 1 DE 10

Prepare your card base and cut white card panels in varying heights to create layers. Position the panels on your cutting mat to check the sizing before adhering.

2

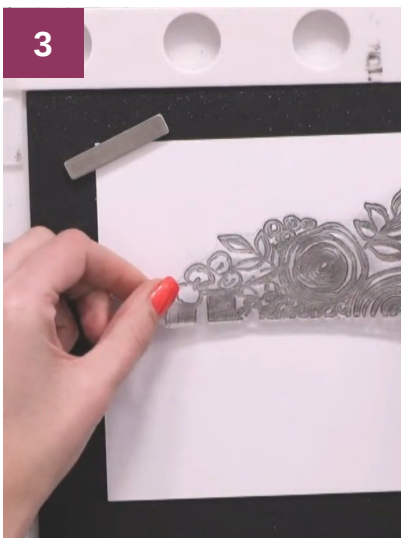

PASO 2 DE 10

Stamp the floral border image from the Happy Home stamp set onto the smallest white card piece using a sticky ink pad. Position the stamp in the bottom right corner of the card.

3

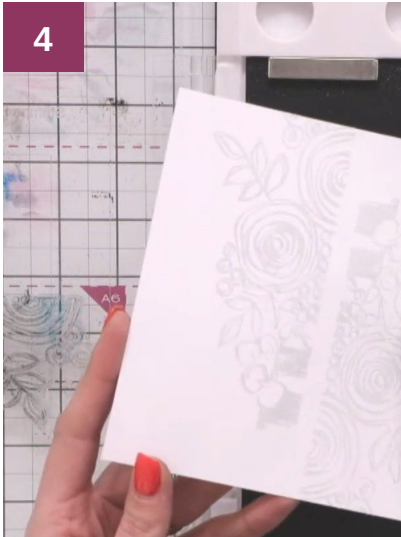

PASO 3 DE 10

Use an anti-static bag on the white card to prevent fingerprints. Position the floral stamp on the card and apply white embossing powder over the stamped image.

[VER ESTE PASO - 6:30](#)

4

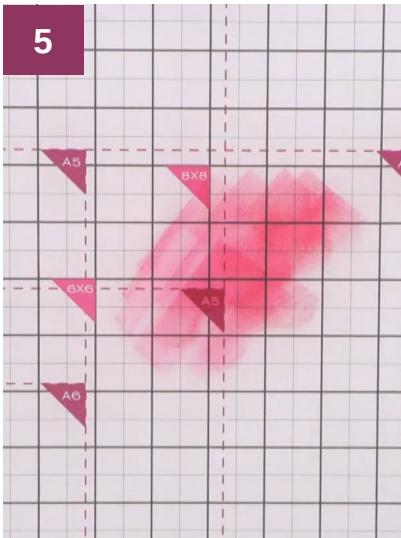

PASO 4 DE 10

Heat set the embossing powder using a heat tool, moving it over the design until the powder melts and becomes smooth and glossy.

[VER ESTE PASO - 10:15](#)

5

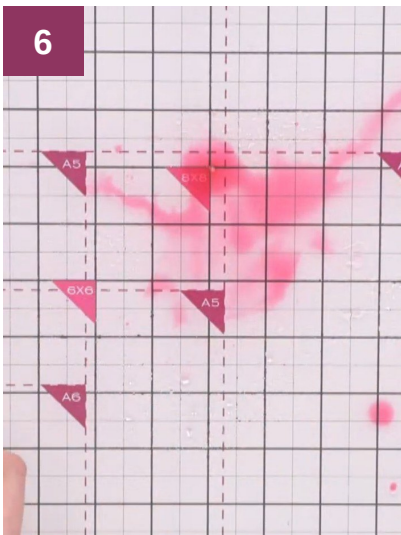

PASO 5 DE 10

Create a wet puddle of pink watercolour on your craft mat. Spray the puddle with water to keep it wet and workable.

[VER ESTE PASO - 14:45](#)

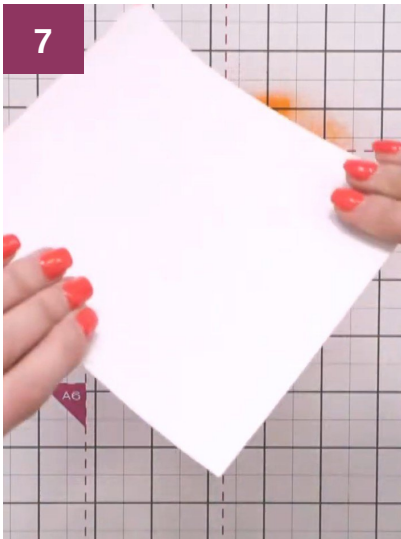

6

PASO 6 DE 10

Place your heat embossed card into the wet pink watercolour on your craft mat, allowing the colour to flow into the recessed areas whilst resisting the raised white embossed design.

[VER ESTE PASO - 15:15](#)

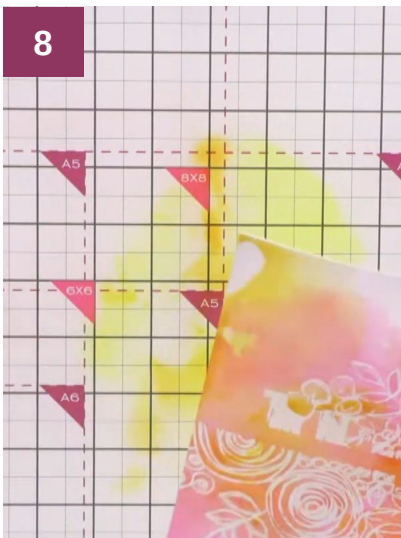

PASO 7 DE 10

Apply orange watercolour ink to another area of the craft mat.

Place a fresh piece of white card face down onto the orange ink and press gently to transfer the colour.

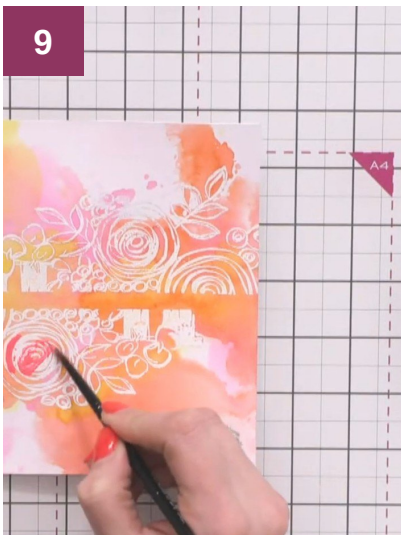

[VER ESTE PASO - 16:30](#)

PASO 8 DE 10

Apply yellow watercolour ink to the top corner of the card using a damp brush to balance the colour composition.

[VER ESTE PASO - 18:15](#)

PASO 9 DE 10

Use the heat tool to dry the watercoloured cards completely. Gently wipe away any excess water with tissue to reveal the crisp white heat embossed floral details.

10

PASO 10 DE 10

Using a fine brush and neon watercolour paints, add fine details back into the white embossed floral design. Leave some white space unpainted to create highlights and dimension in the flowers and leaves.

CONSEJOS DEL PROGRAMA

- The embossing powder acts as a resist, so watercolour will not stick to it; you can wipe off any paint that lands on the white embossed areas once dry.
- Leave white space on painted elements rather than colouring everything in completely, as this creates a halo effect and makes the design appear to pop from the page.
- Use a dry brush dragged across the surface to create an acrylic-like scratchy finish for added texture.
