## PASO A PASO

1

### PASO 1 DE 7

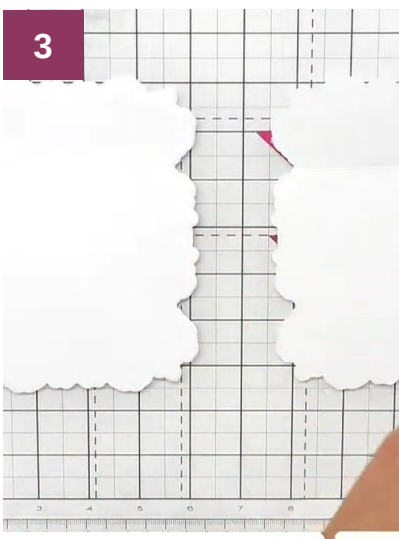

**Cut two identical shaped card pieces using the outline die from the Francesca die set.** Run white cardstock through your die-cutting machine twice to create both pieces.

## PASO 2 DE 7

**Score a line across one of the cut pieces using a scoring tool to create a hinge for the shaped card.** This will allow the card to fold properly.

[VER ESTE PASO - 14:00](#)

## PASO 3 DE 7

**Tape the two pieces of the shaped card together along the score line.** Use double-sided tape on the hinge area to create a fold.

## PASO 4 DE 7

**Gently fold the card along the score lines to create the three-dimensional shaped effect.** Take care to fold cleanly and precisely to maintain the card's structure.

## PASO 6 DE 7

**Line up the heart registration marks on the stencil with those already stamped.** Apply the second layer using orange ink to create the 3D effect.

## PASO 7 DE 7

**Apply the third stencil layer using yellow ink, then apply the fourth layer using orange ink.** Build up the dimensional frame by layering the colours to create depth and shading.

## CONSEJOS DEL PROGRAMA

- Line up the hearts in the corner of each stencil layer to ensure perfect registration every time.
- You can use the same ink colour and press harder if you only have a couple of ink pads available.
- Don't worry about perfect coverage; the layering system will look after itself.
