PASO 2 DE 8

Layer the printed vellum sheets over the patterned papers from the Spring Morning collection. Position the vellum to create depth and texture, allowing the designs beneath to show through softly.

[VER ESTE PASO - 8:00](#)

PASO 3 DE 8

Stamp the Spring Morning design elements onto your card base using the floral and leaf designs from the stamp set. Layer the stamped images to create depth and interest on your card.

PASO 4 DE 8

Use the coordinating dies to cut out the stamped elements from the vellum paper. This will give you clean edges without the need for fussy cutting.

5

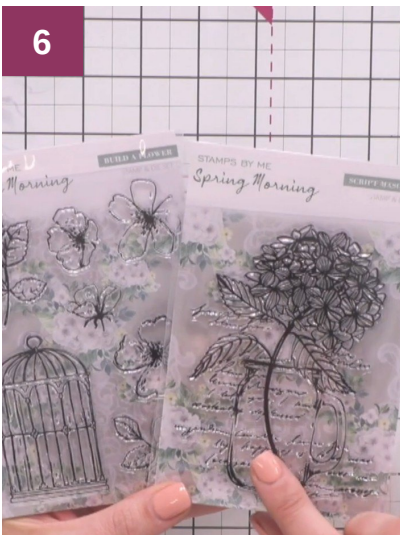

PASO 5 DE 8

Layer additional decorative elements from the paper collection onto your card to add dimension and visual interest. Position coordinating die-cut pieces or stamped images to complement the main design.

PASO 6 DE 8

Arrange the individual floral stamps and bird cage elements from the Spring Morning stamp set across your design. Position the stamps to create a balanced composition with the flowers, leaves, birdcage, and other botanical elements.

[VER ESTE PASO - 9:00](#)

PASO 7 DE 8

Apply adhesive foam pads to the back of your die-cut elements. Position them on the card front to add dimension and lift them from the base layer.

PASO 8 DE 8

If desired, add colour to your stamped elements using pens, pencils or watercolours for a personalised touch. The example shows a hydrangea flower coloured with purple and yellow tones, with green leaves and a mason jar base.

CONSEJOS DEL PROGRAMA

- The vellum overlays create a soft detail that makes you want to touch and smell the card.
- You can break down the design and use the stamp alone in black and white, or add colour with pen, pencil or watercolour.
- The navy undertones in both collections mean you can incorporate Midnight Blooms and Spring Morning together beautifully.
