

Abstract Tulip Layered Stencil Card with Watercolour Spray Effect

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - ANYTHING GOES - 22 DE MARZO DE 2023

SOBRE ESTE PROYECTO

Create a stunning layered stencil card featuring abstract tulips in soft pinks and greens. This project demonstrates two beautiful techniques: precise stencilling for a clean, contemporary look, and a watercolour spray effect that creates artistic bleeds and blends around the floral design. The finished card showcases elegant tulip blooms with the sentiment 'Collect Beautiful Moments'.

PASO A PASO

PASO 1 DE 12

Remove all four numbered stencils from the packet. Locate the small heart registration marks in the corners of each stencil, which will help you align the layers correctly.

PASO 2 DE 12

Place stencil number one on your card base. Line up the heart registration marks in the corners to ensure proper alignment for the layered design.

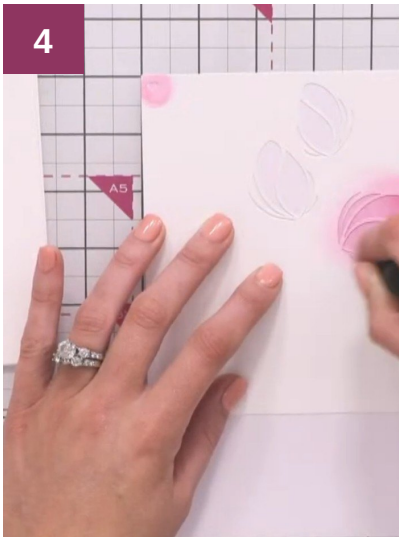

[VER ESTE PASO - 24:45](#)

PASO 3 DE 12

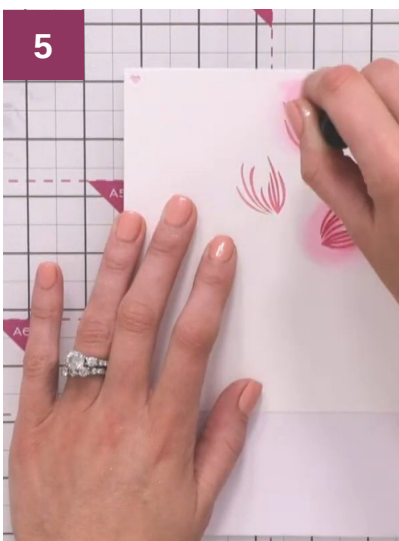

Ink through the four heart registration marks on the stencil using your chosen ink colour to create alignment guides on your card base.

[VER ESTE PASO - 25:30](#)

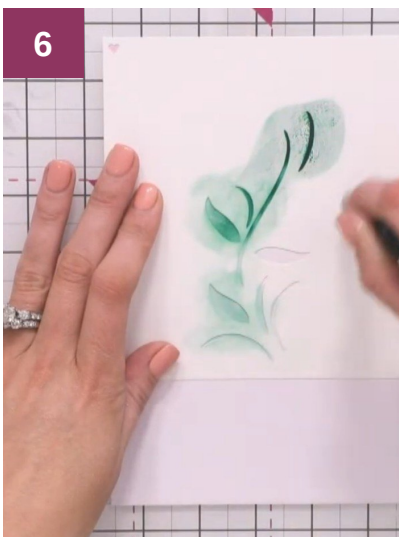

PASO 4 DE 12

Ink through stencil one with pink ink, pressing firmly to transfer the colour through the stencil onto the card. The design will show a pink leaf or petal shape on your white card.

[VER ESTE PASO - 26:00](#)

PASO 5 DE 12

Align stencil two using the heart registration marks and ink through with the same pink colour, pressing harder for better coverage.

[VER ESTE PASO - 27:15](#)

PASO 6 DE 12

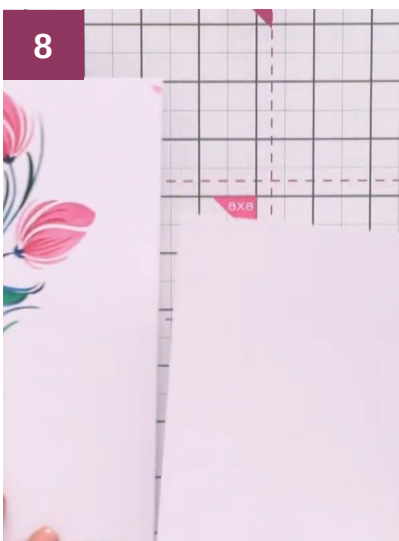

Position stencil three (the leaves layer) on your card, lining up the registration hearts. Apply green ink through the stencil using your ink applicator to create the leaf elements.

[VER ESTE PASO - 28:00](#)

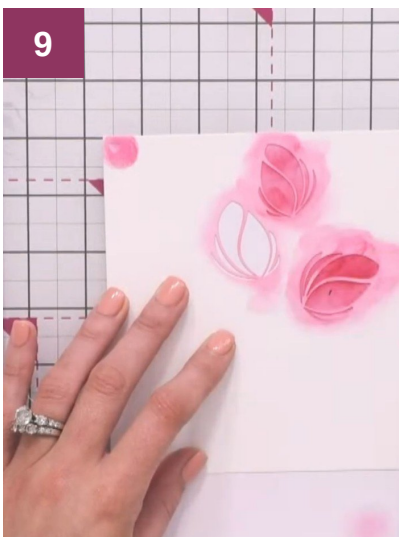

PASO 7 DE 12

Place stencil four on the card, aligning the registration hearts. Ink through the stencil using teal ink to add the final layer to the tulip design.

[VER ESTE PASO - 28:45](#)

PASO 8 DE 12

Place the stencil on a fresh piece of white card. Using the ink pad, apply the first layer of the tulip design through the stencil, building up the image one layer at a time.

[VER ESTE PASO - 30:45](#)

PASO 9 DE 12

After inking stencil one, lightly mist the inked area with water from a spray bottle. Allow the pink ink to bleed and spread, creating a soft watercolour effect around the tulip shapes.

PASO 10 DE 12

After inking each subsequent stencil layer, lightly spray with water to create the watercolour effect. Be careful not to over-saturate the card. Use a white tool or cloth to gently blend if needed.

PASO 11 DE 12

Once the watercolour spray is completely dry, use a paintbrush to flick gold confetti ink across the stamped tulip design, creating splatter details for extra sparkle and dimension.

PASO 12 DE 12

Use the coordinating die to cut out the layered tulip design. Mount the die-cut piece onto a contrasting card base to complete your card.

CONSEJOS DEL PROGRAMA

- You only need to use the heart registration system once; after that, you can align the stencils by eye.
- Run the stencils under a hot tap at low pressure to clean them between colours—the ink slides off easily without needing a cloth.
- Do not over-spray with water when creating the watercolour effect, as too much water can cause the design to blur completely.
