PASO 1 DE 8

Apply sticky ink from the embossing pad over the stamped image **on your white card**. Use an anti-static bag to prepare the surface, ensuring even coverage for the embossing powder.

PASO 2 DE 8

Stamp the tree design from the A5 Reflection stamp set onto white card using a clear embossing ink to create a subtle watermark effect. Press firmly to ensure the entire design transfers clearly.

[VER ESTE PASO - 32:00](#)

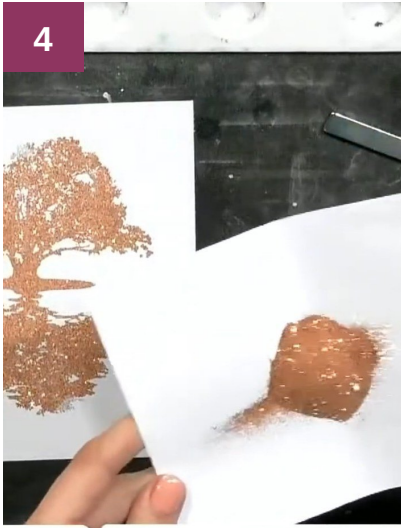

PASO 3 DE 8

Stamp the tree image a second time over the first impression to ensure you've captured all the detail and have a clear, complete image.

PASO 4 DE 8

Sprinkle clear embossing powder over the stamped tree design.

Tap off the excess powder and use a heat tool to melt and set the embossing powder, creating a raised, glossy finish that seals the design.

5

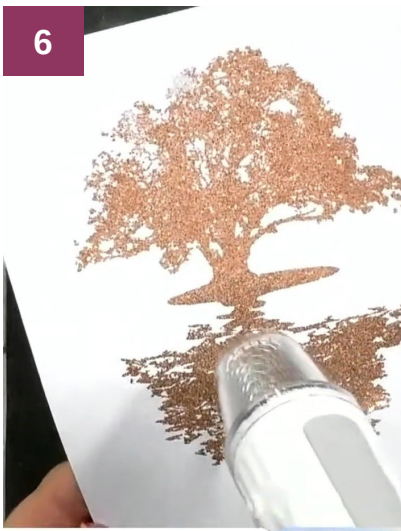

PASO 5 DE 8

Apply rose gold sparkle ink to the embossed tree stamp using a brush or applicator. Heat set the ink quickly with a heat tool to fix the colour and create a sparkly finish.

[VER ESTE PASO - 33:00](#)

6

PASO 6 DE 8

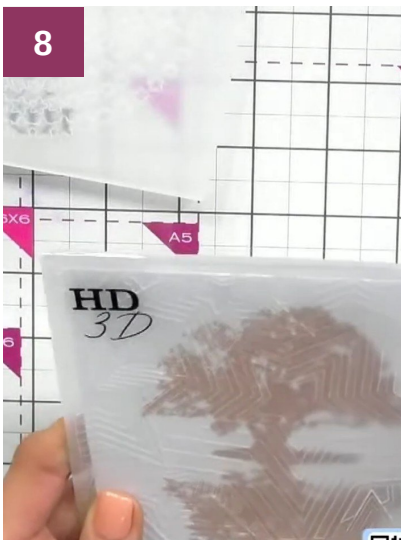

Run the stamped card through an HD 3D embossing folder to add texture and dimension to the tree image. The embossing will create raised detail across the design.

[VER ESTE PASO - 33:30](#)

PASO 7 DE 8

Trim the card to your desired size, keeping the embossed tree design as your focal point. Use a trimmer or scissors to cut away excess card whilst maintaining the composition of your stamped and embossed image.

[VER ESTE PASO - 34:00](#)

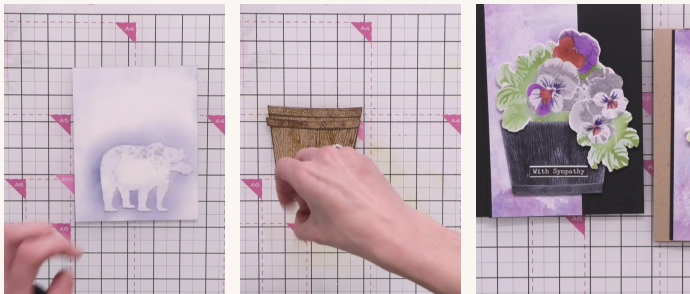

PASO 8 DE 8

Mount the finished embossed and coloured tree piece onto a card blank using adhesive to complete your card.
