EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create a stunning card featuring a delicate dragonfly with beautiful layered vellum wings that create a gorgeous 3D effect. The background uses a soft watercolour technique with pink and purple tones to create an artistic, dreamy base. The sentiment 'let your dream be your wings' completes this inspirational and elegant design.

PASO A PASO

1

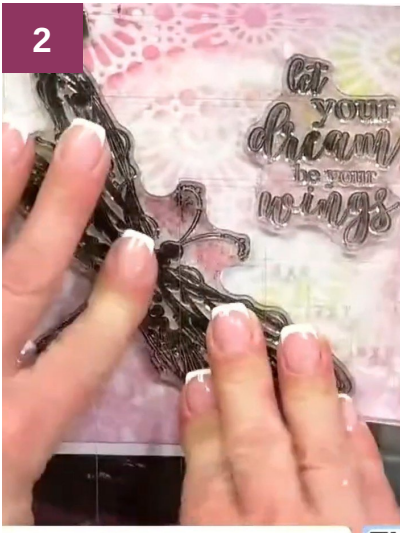

PASO 1 DE 8

Create a watercolour background by placing water around the lid of your palette or container. Add colour on top of the water, then flick and blend the colours together to create a soft, blended effect.

2

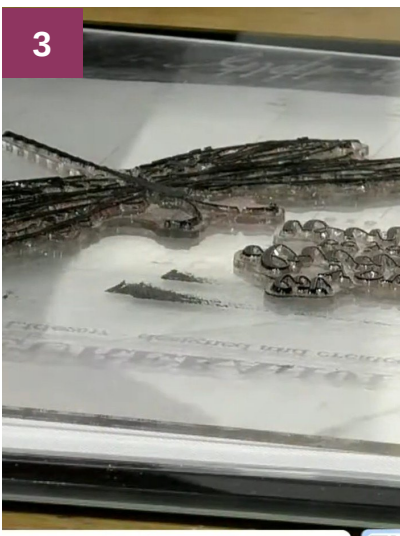

PASO 2 DE 8

Stamp the dragonfly image onto your white card base using black all-purpose hybrid ink, positioning it offset to one side. Press firmly to ensure a clear, detailed impression of the dragonfly design.

3

PASO 3 DE 8

Stamp the dragonfly wings and body separately onto white cardstock using black ink. Carefully cut out each stamped element with scissors or a craft knife.

[VER ESTE PASO - 19:15](#)

PASO 4 DE 8

Cut pink vellum to match the dragonfly wing shapes. Layer the vellum wings over the stamped wings using foam tape to create dimension.

[VER ESTE PASO - 20:15](#)

PASO 5 DE 8

Attach the layered vellum wings to the dragonfly body using foam dots. Position the wings on either side of the body, ensuring they are securely adhered to create dimension.

[VER ESTE PASO - 20:30](#)

PASO 6 DE 8

Use a white gel pen to accentuate details on the dragonfly wings by tracing out the little details and adding decorative squiggles to enhance the design.

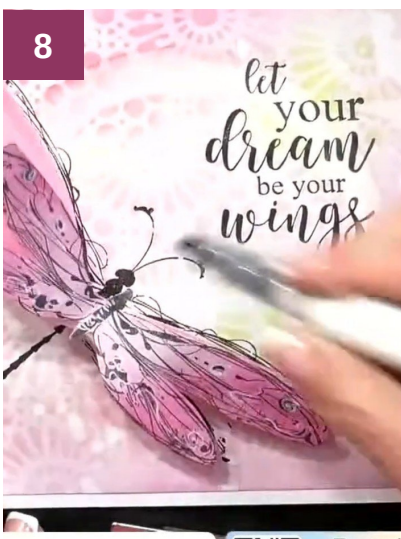

[VER ESTE PASO - 21:45](#)

PASO 7 DE 8

Fold the dragonfly wings in half to create dimension. Position the folded dragonfly on your card and attach it securely. The wings should sit raised above the card surface for a 3D effect.

[VER ESTE PASO - 22:00](#)

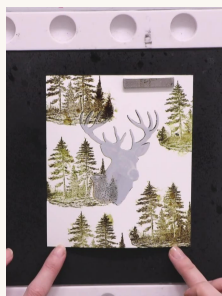

PASO 8 DE 8

Add glitter stamps around the edges of the dragonfly wings and background for sparkle and highlights. Use a light touch to create subtle shimmer effects that enhance the watercolour design.

CONSEJOS DEL PROGRAMA

- Use a hot spotter or brayer if you struggle to apply pressure when stamping.
- Don't worry about making everything exact – work artistically and give yourself permission to be off the cuff.
- Layer multiple stamps to build up your artwork and create a complete scene.
