EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create a beautiful shaker card featuring delicate white daisies with golden centres on a kraft background. This five by seven inch infinity shaker card uses pre-scored acetate windows with secure tape for professional results. The design includes dimensional flowers, a 'Happy Birthday' sentiment, and sequins that move freely within the shaker window.

1

PASO 1 DE 11

Remove the Infinity Shaker card window from its packet. Examine the scored lines and the pre-applied tape on the acetate window.

2

PASO 2 DE 11

Burnish the score line firmly with a bone folder or similar tool to create a crisp fold. This will make it easier to wrap the card later.

3

PASO 3 DE 11

Peel back the protective film from one side of the crystal clear acetate window to reveal the clear surface underneath.

4

PASO 4 DE 11

Cut a piece of white cardstock slightly smaller than the shaker window dimensions. This will fit inside the window frame to create the back panel of your shaker card.

[VER ESTE PASO - 16:45](#)

PASO 5 DE 11

Place the textured cardstock inside the shaker window, positioning it face down. Smooth it into place to ensure it adheres properly to the adhesive.

[VER ESTE PASO - 17:00](#)

PASO 6 DE 11

Peel off one side of the pre-applied tape from the acetate window and press it firmly onto your corrugated cardstock, ensuring it's lined up correctly and the tape adheres well.

[VER ESTE PASO - 17:15](#)

PASO 7 DE 11

Leave one long side of the acetate window open as a pocket for adding embellishments later.

[VER ESTE PASO - 17:30](#)

PASO 8 DE 11

Pour your chosen shaker elements such as sequins, glitter or beads into the open acetate pocket of the card. Use yellow sequins or other coordinating embellishments to complement your design.

[VER ESTE PASO - 17:45](#)

PASO 9 DE 11

Peel off the second side of the pre-applied tape from the acetate window. Fold the corrugated cardstock panel down to seal the shaker pocket completely.

[VER ESTE PASO - 18:00](#)

PASO 10 DE 11

Fold all the teeth around the edges of the acetate window, working your way around carefully. Avoid pressing too hard to prevent clouding the acetate.

[VER ESTE PASO - 18:15](#)

PASO 11 DE 11

Mount your completed shaker element onto a card base. The finished shaker card can be used as a standalone piece or attached to a larger card blank to create a beautiful greeting card.

CONSEJOS DEL PROGRAMA

- The pre-applied tape is tested to be secure, so make sure your cardstock is lined up correctly before pressing down.
- Leave the long side open for easier filling with embellishments.
- Work back and forth when folding the teeth to avoid cloud or haze effects on the acetate.
