

## Sanded Heart Embossed Card with Love Heart Character

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - MONDAY MADNESS - 6 DE MARZO DE 2023

### SOBRE ESTE PROYECTO

Create a charming congratulations card featuring a textured pink embossed heart background with a dimensional focal point. The design combines embossing and sanding techniques to create a distressed vintage effect, layered with die-cut hearts in coral and a sweet character stamp wearing sunglasses. This eye-catching card uses bold pink tones with black accents for a modern, playful finish.

## PASO A PASO

1

### PASO 1 DE 16

Place the textured cardstock into the Love Hearts embossing folder, ensuring the paper is positioned within the square embossing area and aligned with the folder's hinge at the top.

[VER ESTE PASO - 23:00](#)

2

### PASO 2 DE 16

Run the embossing folder with the love hearts design through your die-cutting and embossing machine to create raised heart details on the pink cardstock.

[VER ESTE PASO - 24:15](#)

3

### PASO 3 DE 16

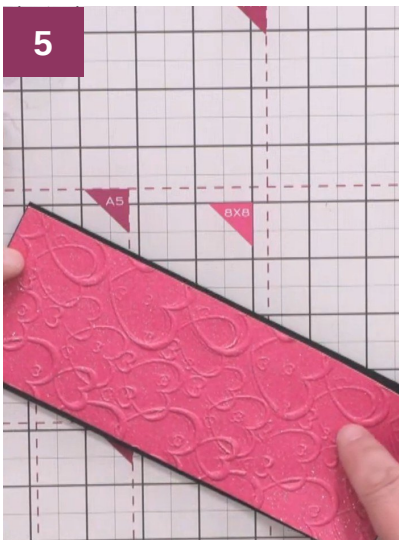

Feed the embossed pink cardstock back through the embossing folder, positioning it so the heart pattern continues across the card to create a larger embossed area.

[VER ESTE PASO - 24:45](#)

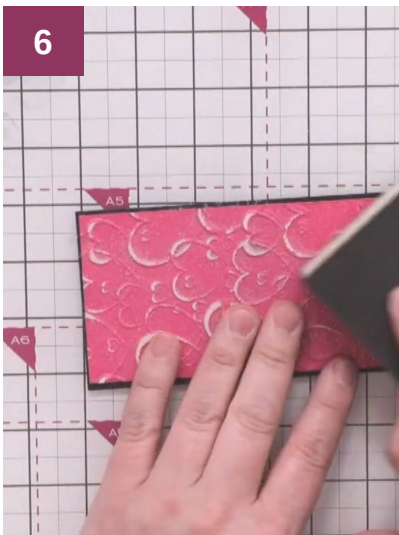

## PASO 4 DE 16

Run the extended panel through the embossing machine again to emboss the additional section seamlessly with the love hearts design.

[VER ESTE PASO - 25:15](#)

## PASO 5 DE 16

**Mount the embossed pink panel onto black cardstock to create a border frame.** This will add contrast and definition to your embossed design.

[VER ESTE PASO - 26:00](#)

## PASO 6 DE 16

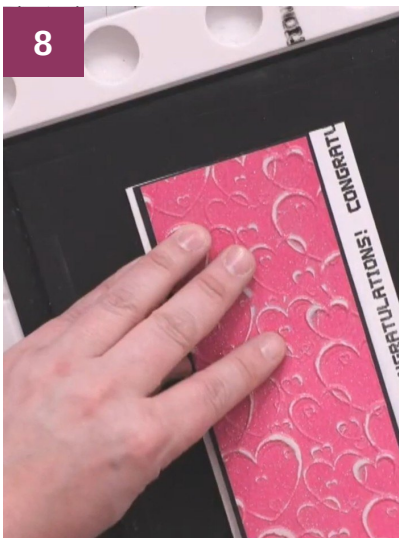

Using a decorative sanding sponge, gently sand the tops of the raised hearts with circular motions to create a distressed, grungy texture on the embossed pink cardstock.

[VER ESTE PASO - 26:30](#)

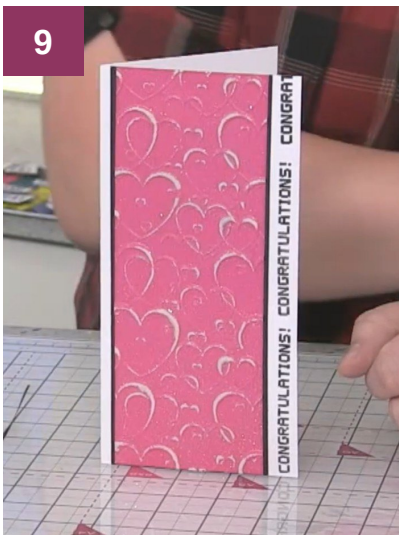

## PASO 7 DE 16

**Stamp 'Congratulations' vertically down the right edge of the white card base using black ink.** Position the stamp carefully to ensure it runs parallel to the edge.

[VER ESTE PASO - 28:00](#)

## PASO 8 DE 16

**Adhere the embossed and sanded pink panel to the black card base using glue, positioning it slightly towards the bottom of the card.** Press firmly to secure in place.

[VER ESTE PASO - 29:30](#)

## PASO 9 DE 16

**Trim the top of the mounted pink embossed panel level with the card edge using a paper trimmer.**

[VER ESTE PASO - 30:30](#)

10

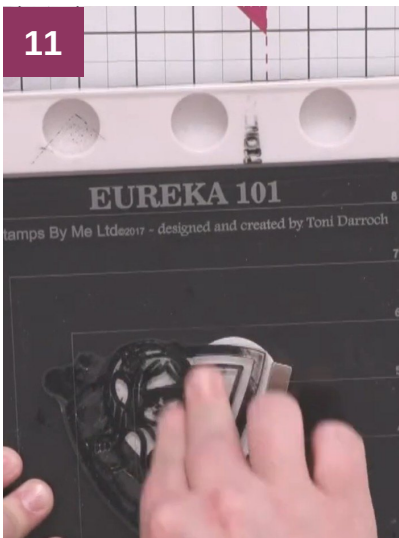

## PASO 10 DE 16

Die-cut one large heart and one small heart from red textured cardstock using your die-cutting machine.

[VER ESTE PASO - 31:30](#)

11

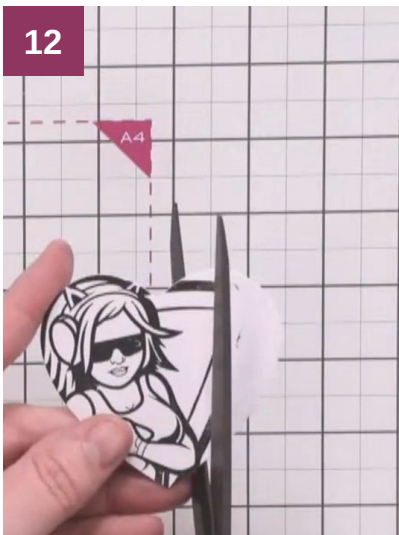

## PASO 11 DE 16

**Stamp the Cookie character onto white cardstock using Midnight black ink.** Position the stamped image so the character's head fits within the large heart shape outline on your card.

[VER ESTE PASO - 32:30](#)

12

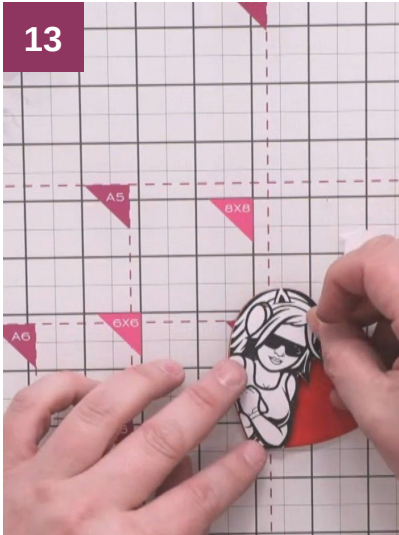

## PASO 12 DE 16

Carefully cut out the character stamp image using scissors, ensuring her head aligns with the top of the heart shape.

[VER ESTE PASO - 33:30](#)

13

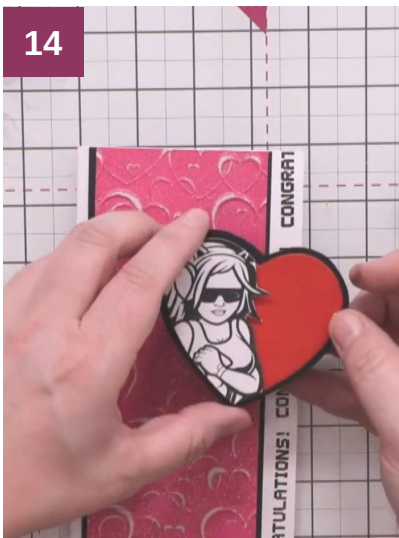

PASO 13 DE 16

**Mount the large red heart and the character stamp onto black cardstock.** Carefully cut around both pieces leaving a small black border.

[VER ESTE PASO - 34:45](#)

14

PASO 14 DE 16

Mount the smaller heart onto foam pads and attach it to the card front, creating a dimensional border effect as with the larger heart.

[VER ESTE PASO - 35:30](#)

15

PASO 15 DE 16

Attach the large red heart with the character stamp to the card front using foam pads, positioning it off-centre on the pink embossed panel to create dimension and visual interest.

[VER ESTE PASO - 36:45](#)

## PASO 16 DE 16

**Layer the smaller coral heart onto the card front using a foam pad to add depth.** Position it below the character heart to create a balanced design.

[VER ESTE PASO - 37:15](#)

## CONSEJOS DEL PROGRAMA

- A decorative sanding sponge from a local decoration store is gentler than sandpaper and won't rip cardstock.
- The hinge gap on the embossing folder allows you to extend designs beyond the folder's fixed size by re-feeding and realigning the pattern.
- If your printer alignment is slightly off when stamping the character, use a black pen or Sharpie to fill in any white gaps before cutting out.
