

Embossed Acetate with Alcohol Ink and Mirror Mist

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT TV - 21 DE FEBRERO DE 2023

SOBRE ESTE PROYECTO

Create a stunning modern art piece by embossing acetate with a scribble pattern, then adding vibrant alcohol inks in purple, pink, green and yellow with mirror mist for a graffiti-like effect. The embossed design creates texture and dimension whilst the inks blend together for a contemporary street art look. This eye-catching piece works beautifully displayed in a frame.

PASO A PASO

1

PASO 1 DE 6

Remove the protective film from both sides of the construction acetate sheet. Peel away the film carefully to reveal the clear acetate surface ready for embossing.

2

PASO 2 DE 6

Run the acetate sheet through your embossing machine with the Scribble It embossing folder to create a raised pattern on the surface.

PASO 3 DE 6

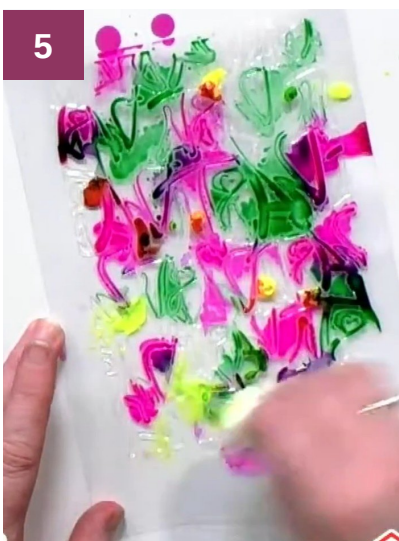

Apply alcohol inks to the embossed acetate in green and magenta colours. Allow the inks to blend naturally on the surface, creating an organic pattern. The colours will flow and mix together on the textured acetate.

PASO 4 DE 6

If desired, add watercolour paint to the acetate, as it adheres well to the surface. Apply the paint in areas where you want additional colour or depth.

[VER ESTE PASO - 30:45](#)

PASO 5 DE 6

Apply Cadence Mirror Mist over the dried alcohol inks to seal and add a reflective, metallic finish. Spray evenly across the embossed acetate piece and allow to dry completely.

[VER ESTE PASO - 31:00](#)

PASO 6 DE 6

Layer the finished embossed and coloured acetate piece over black or white card stock to display the vibrant design and create contrast.
