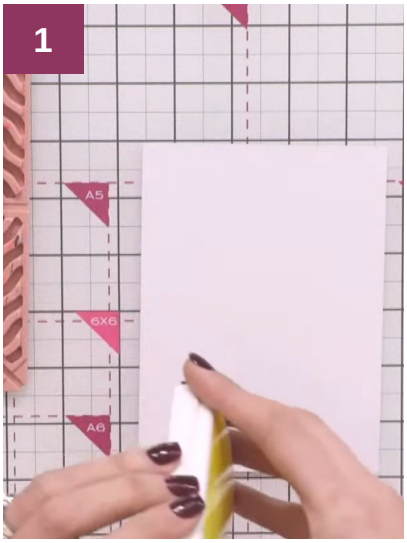
PASO A PASO



PASO 1 DE 12

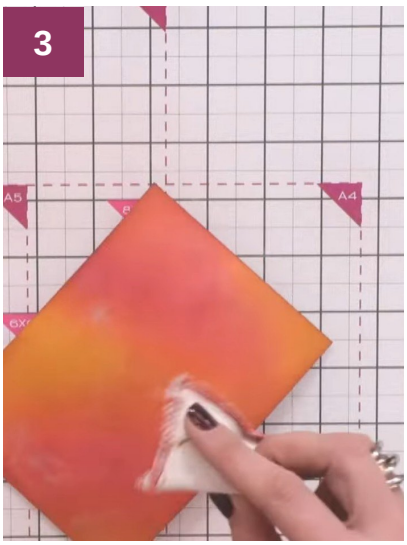
Take a piece of white card stock and apply vibrant ink colours directly onto it using a blending brush. Use yellow, orange, and pink dye inks to create a bright, multicoloured base.

VER ESTE PASO - 4:30

PASO 2 DE 12

Allow the coloured inks to dry completely, or use a heat gun to speed up the drying process. Hold the heat gun a few inches above the paper and move it gently over the inked areas until dry.

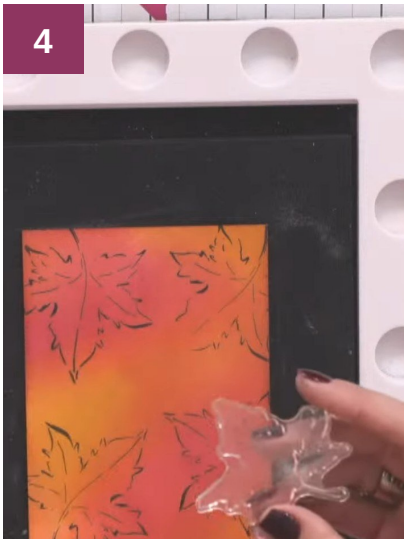
VER ESTE PASO - 5:30



PASO 3 DE 12

Stamp the detailed outline design from the Pretty Things Inside stamp set onto the orange and pink gradient card using black ink. Position the stamp centrally on the card and press firmly to ensure a clear impression.

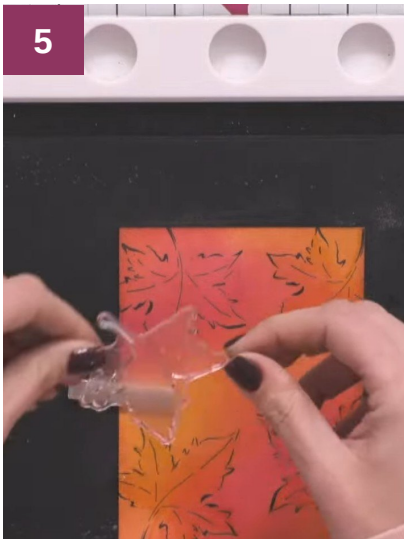
VER ESTE PASO - 12:15



PASO 4 DE 12

Use a clear slow-drying embossing ink pad to stamp the solid leaf design over the blended coloured background. Stamp several leaves across the panel to create an autumn leaf pattern.

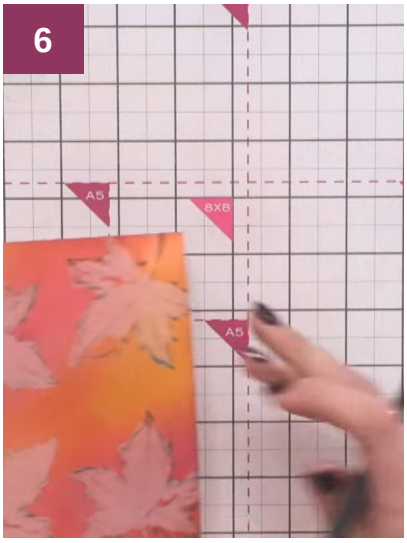
VER ESTE PASO - 16:00



PASO 5 DE 12

Immediately sprinkle clear embossing powder over the stamped image whilst the ink is still wet. Tap off any excess powder back into the pot.

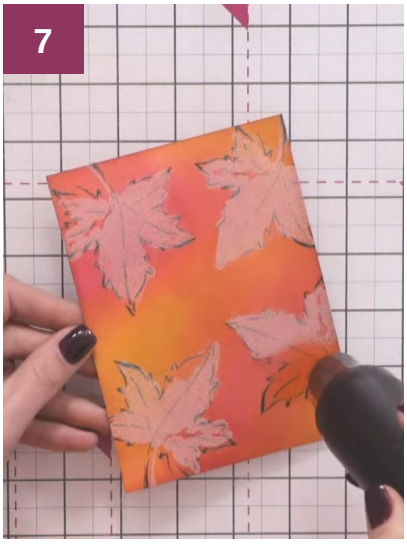
VER ESTE PASO - 17:45



PASO 6 DE 12

Use an embossing brush to gently remove any loose embossing powder from around the edges of the embossed leaf images, keeping the work neat and tidy.

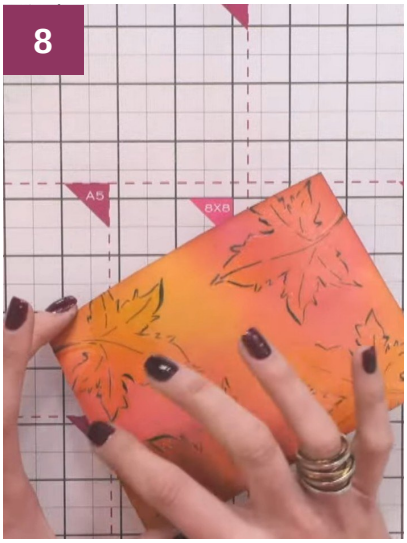
VER ESTE PASO - 19:30



PASO 7 DE 12

Heat set the embossing powder with a heat gun, moving it over the surface until the powder melts and becomes clear and glossy. Hold the card steady whilst applying heat to ensure even coverage.

VER ESTE PASO - 20:45



PASO 8 DE 12

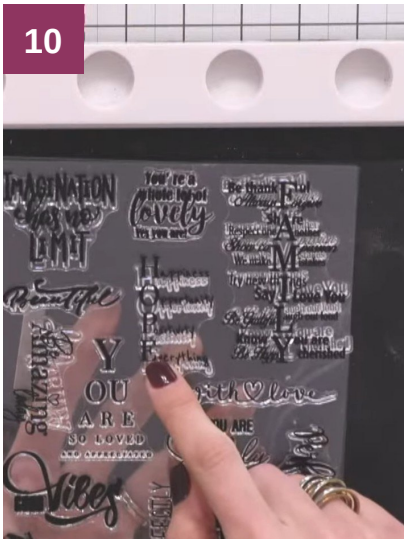
Brush black ink over the entire embossed area. The ink will sit on top of the clear embossing, creating contrast with the stamped leaf designs.

VER ESTE PASO - 21:45

PASO 9 DE 12

Dampen a tissue with water and gently burnish over the black embossed areas to lift the ink and reveal the coloured leaves underneath, creating a resist effect.

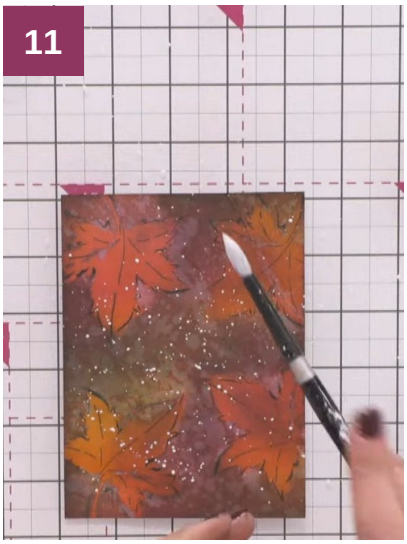
VER ESTE PASO - 23:45



PASO 10 DE 12

Stamp the 'Love and Hope' sentiment from the Pretty Things Inside stamp set using black ink onto the card front.

VER ESTE PASO - 25:30



PASO 11 DE 12

Add white and gold splatter effects by flicking water mixed with white and gold ink across the background using a brush for extra texture and interest.

VER ESTE PASO - 29:30

PASO 12 DE 12

Mount the finished embossed leaf panel onto your card base using adhesive. Hold in place and allow to dry completely before handling.

VER ESTE PASO - 32:00

CONSEJOS DEL PROGRAMA

- You can use any clear embossing powder—thick, thin, sparkly, or interference—as long as you can see through it.
- The technique works with any solid stamp design, not just leaves; try flowers or other shapes.
- You can use different dark colours to push back the light underneath—black, brown, dark grey, or dark green all work well.
