

Halo Blended Background with Lifted Star Stencil Card

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - FRIDAY LIVE LAUNCH - 3 DE FEBRERO DE 2023

SOBRE ESTE PROYECTO

Create a beautiful card featuring a soft pink halo background with a delicate lifted star pattern. Using blending brushes and pink inks, you'll build up a graduated colour wash from the centre outward, then use a damp tissue and stencil to lift out subtle star shapes from the darkest area. This elegant technique produces a dreamy, ethereal effect perfect for special occasion cards.

PASO A PASO

PASO 1 DE 6

Apply magenta ink to the centre of your white card stock using a blending brush. Work in circular motions outward from the centre to create a soft halo effect of colour.

[VER ESTE PASO - 6:45](#)

PASO 2 DE 6

Position your star cluster stencil in the centre of the halo where the pink colour is darkest. The stencil should cover the most intensely coloured area of your blended background.

[VER ESTE PASO - 7:45](#)

PASO 3 DE 6

Dampen a piece of tissue paper by spraying it with water. Use the damp tissue to lift stars from the centre of the stencilled design, creating a halo effect.

[VER ESTE PASO - 8:00](#)

PASO 4 DE 6

Push a damp tissue through the stencil openings to lift colour away from the centre, revealing the white star pattern beneath. Work gently to remove the pink and grey ink whilst the stencil is still in place.

[VER ESTE PASO - 8:15](#)

PASO 5 DE 6

Use a heat gun to dry the card completely. This will set the lifted stencil design and bring the stars into sharp focus against the pink halo background.

[VER ESTE PASO - 9:00](#)

PASO 6 DE 6

Stamp a sentiment at the bottom of the card using the Magenta ink pad for a tone-on-tone effect. Position the stamp carefully to ensure it sits neatly below the stencilled design.

[VER ESTE PASO - 10:00](#)

CONSEJOS DEL PROGRAMA

- Spraying the card with water before stamping gives the card a chance to drink the ink.
- Tone-on-tone stamping creates subtle dimension without requiring multiple colours.
