SOBRE ESTE PROYECTO

Create a stunning dimensional card featuring a layered hydrangea flower with a beautiful purple bloom and teal foliage. PASO A PASO

PASO 1 DE 10

Gather your materials: a Floral Fusion stencil and die set (such as hydrangea design), white card stock, and navy card stock. Place these items on your craft mat ready for use.

VER ESTE PASO - 27:00

PASO 2 DE 10

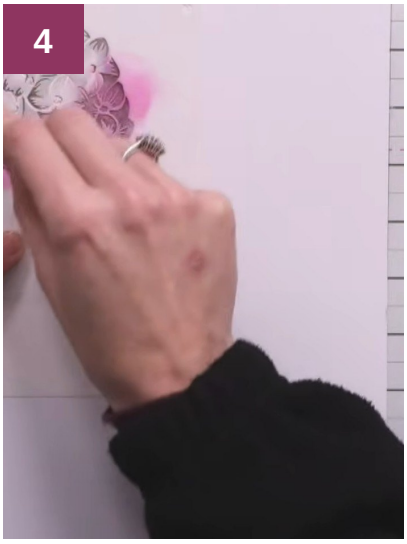
Position stencil number one in the corner of your A4 card base for alignment. Using a blending brush, lightly apply ink across the stencil to create the first colour layer.

VER ESTE PASO - 27:30

PASO 3 DE 10

Position the second stencil over the stamped flower image, aligning it carefully. Apply the next layer of pink ink using a blending tool, building up the colour and depth of the hydrangea gradually.

VER ESTE PASO - 29:00



PASO 4 DE 10

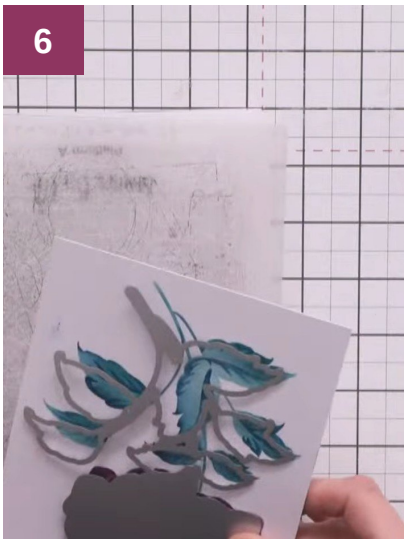
Continue layering with stencils three, four and five, using different ink colours to build depth and dimension. Vary your colours from light heather tones to deeper purples, and add teal shades for the leaves to create a realistic hydrangea effect.

VER ESTE PASO - 30:45

PASO 5 DE 10

Once the stencilled image is complete, trim the card to size using a ruler and pencil to mark a straight cutting line.

VER ESTE PASO - 36:00



PASO 6 DE 10

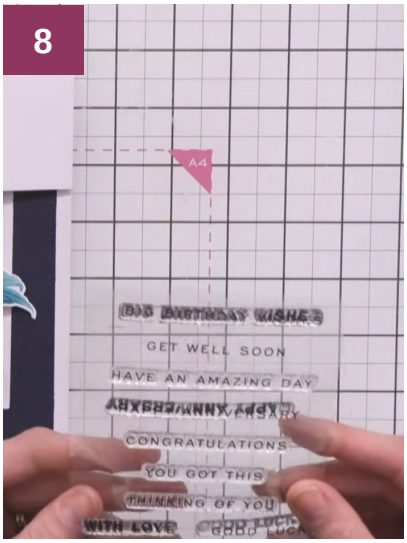
Use the largest waste-free die to cut the stencilled image from navy card stock. Nest the next size die inside to create a double frame effect.

VER ESTE PASO - 37:45

PASO 7 DE 10

Adhere the largest black die-cut frame to your card base. Layer the smaller black die-cut frame on top to create a nested frame effect that grounds the hydrangea image.

VER ESTE PASO - 46:30



PASO 8 DE 10

Stamp a sentiment such as 'Thinking of you' onto a small strip of white card stock using navy ink. Trim the strip neatly with scissors to create a sentiment banner for your card.

VER ESTE PASO - 53:45

PASO 9 DE 10

Adhere the 'THINKING OF YOU' sentiment to the top of the purple hydrangea flower using foam pads or adhesive. Position it centrally across the flower head for best effect.

VER ESTE PASO - 56:00

PASO 10 DE 10

Apply small sequins or sparkles to the centres of the hydrangea flowers using a glue pen to add sparkle and dimension to your card.

VER ESTE PASO - 58:30

CONSEJOS DEL PROGRAMA

- Start with very light colour on the first stencil layer; the subsequent layers will hide imperfections.
- If you do not have an A4 die-cutting machine, you can still achieve the partial die-cut effect by positioning a plate to cover the area you do not want cut.
- You can use any layering stencils and dies from your stash; the technique works equally well with different floral designs.
