SOBRE ESTE PROYECTO

Create a striking nautical-themed card featuring a rope and knot background stamped in earthy tones. Three die-cut circles in rich teal glitter cardstock are layered over the design, with the bottom circle framing a charming coloured fish character. The finished piece combines stamping, die-cutting and dimensional layering for a card full of maritime charm.

PASO A PASO

PASO 1 DE 11

Cut a piece of white card to 3.5 by 7.75 inches to fit inside a DL card blank.

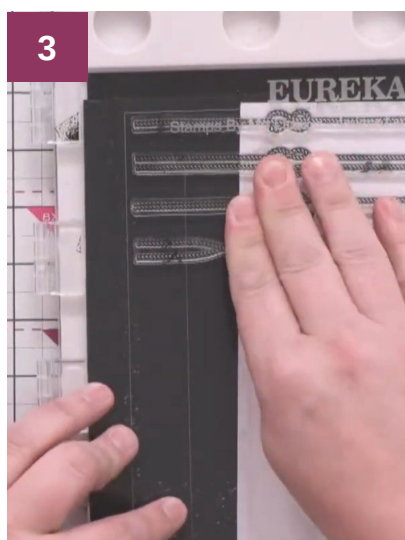

[VER ESTE PASO - 3:15](#)

PASO 2 DE 11

Remove the rope and knot stamps from the carrier sheet and arrange them in a single column down one side of your white card panel, alternating between single and double knots to create a decorative border pattern.

[VER ESTE PASO - 3:45](#)

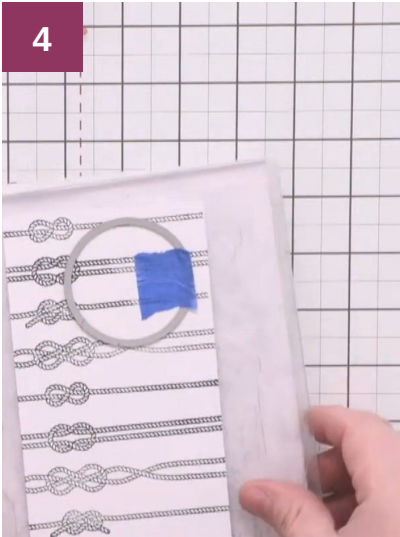

PASO 3 DE 11

Ink the rope stamps with midnight black ink and stamp them down the white card in horizontal rows, creating your arranged pattern of rope designs.

[VER ESTE PASO - 4:45](#)

4

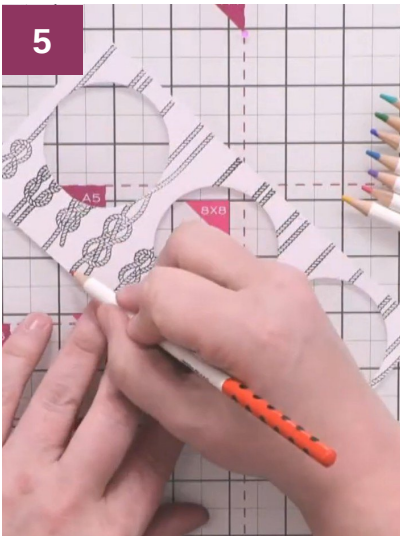

PASO 4 DE 11

Use a large circle die to cut three circles from your stamped card. Position them at the top, middle and bottom to create a traffic light effect.

[VER ESTE PASO - 7:15](#)

5

PASO 5 DE 11

Colour each rope design using oil coloured pencils in bright colours. Use a different colour for each rope section and blend the colours together to create a pastel effect.

[VER ESTE PASO - 10:30](#)

6

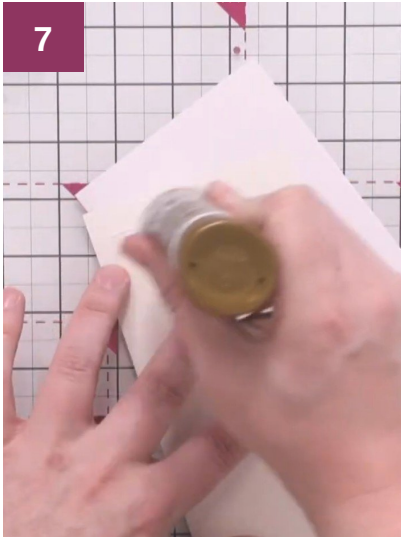

PASO 6 DE 11

Use a grey pencil to add shading underneath each coloured rope section. This creates a shadow effect that lifts the ropes off the page and adds dimension to your design.

[VER ESTE PASO - 13:45](#)

7

PASO 7 DE 11

Mount your stamped and coloured DL card onto a slightly larger piece of green glitter card using a tape runner or glue.

[VER ESTE PASO - 14:45](#)

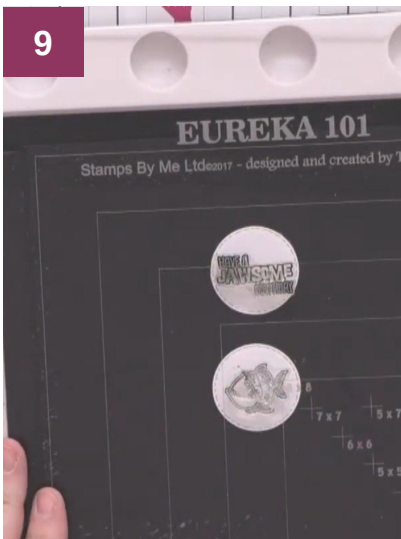

8

PASO 8 DE 11

Cut three small circles from white card using a smaller nesting die and your die-cutting machine.

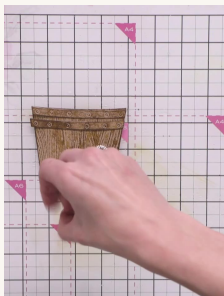

[VER ESTE PASO - 17:00](#)

9

PASO 9 DE 11

Stamp the birthday sentiment into the middle circle and stamp the small fish characters into the other two circles using midnight black ink.

PASO 11 DE 11

Attach the three stamped fish circles to the die-cut circles using foam pads for dimension. Position each one in the centre of the cut-out areas on your card front.

CONSEJOS DEL PROGRAMA

- You can use any nesting dies you have in your stash—squares, hexagons, hearts—instead of circles to create different effects.
- The oil coloured pencils blend very smoothly and easily, making them ideal for creating pastel effects.
- You don't need to colour every single rope with shadow; just adding it occasionally still creates a nice effect.
