

Fondo steampunk por capas con tintas Distress

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - BRAND SHOWCASE - 20 DE ENERO DE 2023

EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create a stunning vintage steampunk background featuring a fantastical airship design with warm yellow and antique tones. Using distress inks in antique linen and coordinating colours, you'll build up layers to achieve an aged, industrial aesthetic. This technique produces a beautifully faded background perfect for steampunk-themed cards and crafts.

PASO A PASO

1

PASO 1 DE 4

Apply a very pale antique linen distress ink across your white cardstock using a stamp platform, building up the colour gradually with light layers.

2

PASO 2 DE 4

Using the same pale gold ink, stamp the steampunk images multiple times across the white background. Vary the placement to create a layered, faded effect with the images overlapping.

3

PASO 3 DE 4

Allow the ink to dry between applications to build up the vintage, aged appearance. Continue stamping and layering the steampunk images across the white cardstock, varying the ink colours and stamp positions to create depth and interest.

4

PASO 4 DE 4

Layer your steampunk images and sentiments on top of the prepared background card. Position the die-cut elements and stamped pieces to create your desired composition, building up the layers for dimension.

CONSEJOS DEL PROGRAMA

- Distress inks work best when applied in multiple light layers rather than one heavy application.
- Pale colours like antique linen create a vintage, faded look that suits steampunk designs.
- You can use any light ink pad from your stash to achieve a similar effect if you don't have distress inks.
