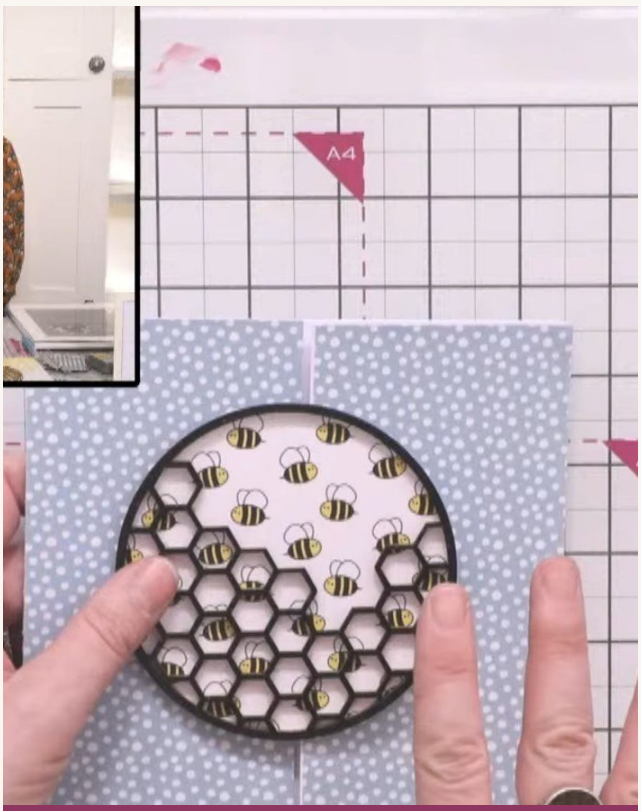
Gatefold Card with Stencilled Hexagon Interior and Ply Embellishment

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - BRAND SHOWCASE - 20 DE ENERO DE 2023



EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create an elegant gatefold card with a sophisticated hexagon design. The interior features a stencilled honeycomb pattern heat embossed in soft yellow and blue tones, whilst the front showcases a delicate lightweight ply embellishment with botanical motifs. This project combines layered stencil work with heat embossing techniques to achieve a professional finish.

PASO A PASO

PASO 1 DE 11

Cut a 15 cm square card base from white cardstock and fold it in half to create a gatefold format. Score and fold the card to ensure crisp edges.

VER ESTE PASO - 32:45

PASO 2 DE 11

Select coordinating patterned paper from the paper pad. Cut pieces to cover the front panels of the gatefold card. The yellow polka dot pattern works well for this bee-themed design.

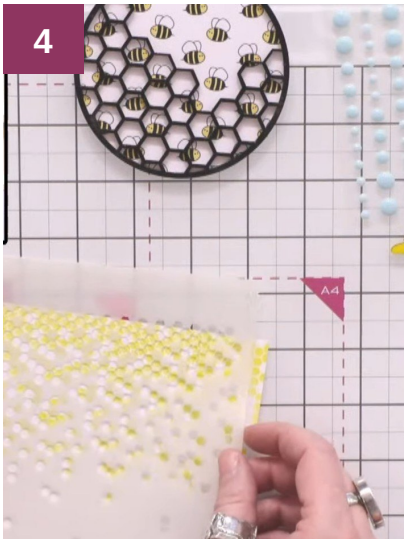
VER ESTE PASO - 33:00

PASO 3 DE 11

Use the hex matrix stencil to apply yellow ink to the inside left panel of the card, creating a hexagon pattern that fades as it goes down.

VER ESTE PASO - 34:30

4



PASO 4 DE 11

Position the hex matrix stencil higher up on the yellow patterned panel. Apply embossing ink through the stencil to create a pattern with fewer hexagons at the top.

VER ESTE PASO - 37:15

5

PASO 5 DE 11

Apply blue glitter embossing powder over the embossing ink on your stencilled hexagon pattern. Heat emboss using a heat tool to set the powder and create a sparkly, dimensional finish.

VER ESTE PASO - 38:45

6

PASO 6 DE 11

Scoop a black ink pad across the surface of the ply embellishment to colour it evenly with black ink.

VER ESTE PASO - 39:00

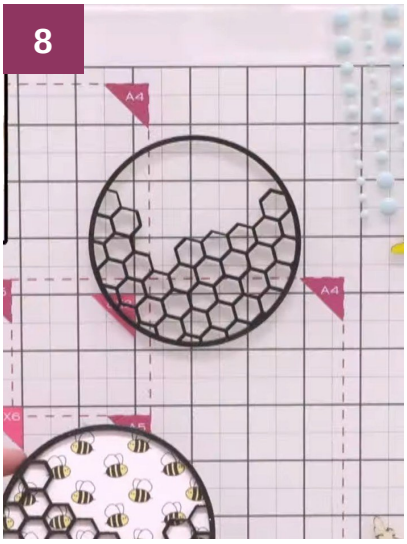
7

PASO 7 DE 11

Cut out a circle of bee-patterned paper to fit behind the honeycomb die-cut circle. Position the paper behind the die-cut to show the bees through the hexagonal openings.

VER ESTE PASO - 35:00

• FREE PROJECT DOWNLOADS •



PASO 8 DE 11

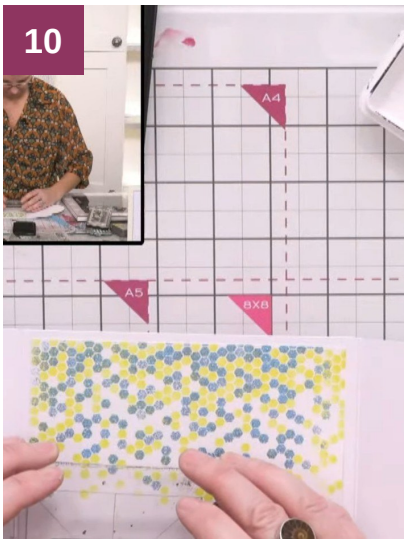
Mat the circular honeycomb ply embellishment with the bee pattern paper, ensuring the bee details are visible through the hexagonal openings in the centre of the circle.

VER ESTE PASO - 36:00

PASO 9 DE 11

Adhere the matted ply embellishment to the front of the gatefold card. Position it centrally on the card front.

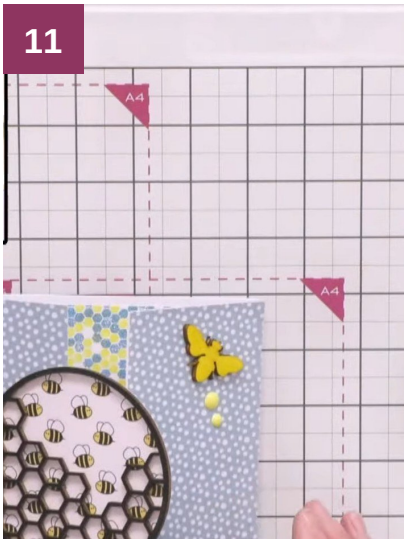
VER ESTE PASO - 43:45



PASO 10 DE 11

Stamp a small bee with heart trail sentiment from the A5 stamp set onto the inside right panel of the card using black ink.

VER ESTE PASO - 47:00



PASO 11 DE 11

Add yellow enamel dots around the honeycomb focal point and along the flight path of the butterfly to complete the card.

VER ESTE PASO - 48:30

CONSEJOS DEL PROGRAMA

- The ply embellishments are so lightweight they won't add bulk to your card.
- You can colour ply by scooping an ink pad across the surface without needing to paint it.
- The hex matrix stencil has a gradient pattern that becomes less dense further down, so you can position it at different heights for varying densities of colour.
