SOBRE ESTE PROYECTO

Create a stunning vintage-inspired card featuring a timber-textured embossed background in warm russet and shimmering argent tones. This mixed-media design showcases a beautifully fussy-cut lady image in soft pinks and neutrals, complemented by the 'Dream Big Darling' sentiment. The project combines dimensional embossing techniques with sparkly embossing powders to achieve an elegant, distressed finish.

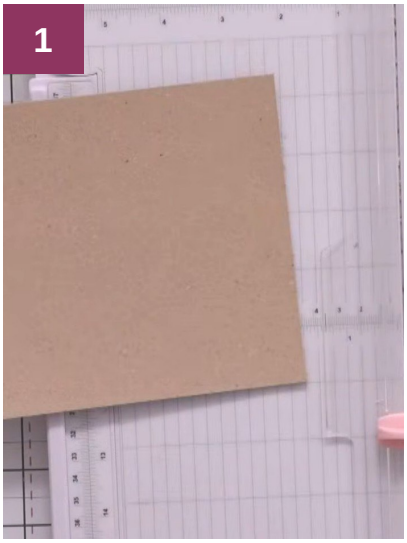
PASO A PASO



PASO 1 DE 16

Cut a piece of craft-coloured card stock in half to create your card base measuring 5 by 7 inches.

VER ESTE PASO - 21:30

PASO 2 DE 16

Lightly spray your card stock with water to soften the fibres and prevent cracking when embossing. Place the card stock on your craft mat for this step.

VER ESTE PASO - 22:15

PASO 3 DE 16

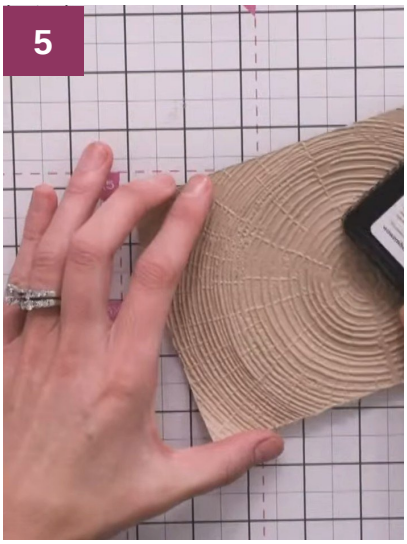
Place your kraft cardstock inside the timber embossing folder and run it through your die-cutting machine. You can choose to use either the embossed or debossed side of the finished result.

VER ESTE PASO - 23:45

PASO 4 DE 16

Trim the embossed timber-textured cardstock to a smaller size suitable for your card design using a craft knife and cutting mat.

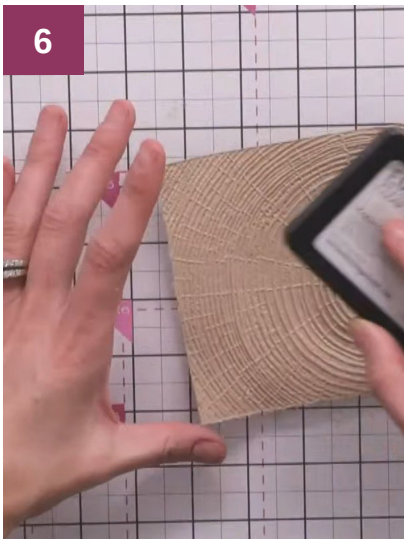
VER ESTE PASO - 24:30



PASO 5 DE 16

Apply a sticky embossing ink pad randomly across the embossed timber surface to create texture. Dab the ink pad lightly over the raised areas of the design.

VER ESTE PASO - 26:45



PASO 6 DE 16

Tap russet embossing powder onto the raised areas of the embossed timber card in random spots to add texture and depth.

VER ESTE PASO - 27:00

PASO 7 DE 16

Apply argent embossing powder to other areas of the card. Layer it over some of the russet areas to create variation in colour and texture.

VER ESTE PASO - 28:00

PASO 8 DE 16

Heat-set all the embossing powder using a heat gun, keeping the gun moving continuously to avoid warping the card. Work over the entire embossed surface until the powder has melted and set.

VER ESTE PASO - 30:00

PASO 9 DE 16

Distress the edges of the embossed timber background piece using a black ink pad to add definition and prevent the panel from appearing to float when mounted on the final card.

VER ESTE PASO - 32:00

10

PASO 10 DE 16

Fussy-cut a large vintage lady image from the Steal My Heart paper collection. Move the paper rather than the scissors as you cut around the image.

VER ESTE PASO - 33:30

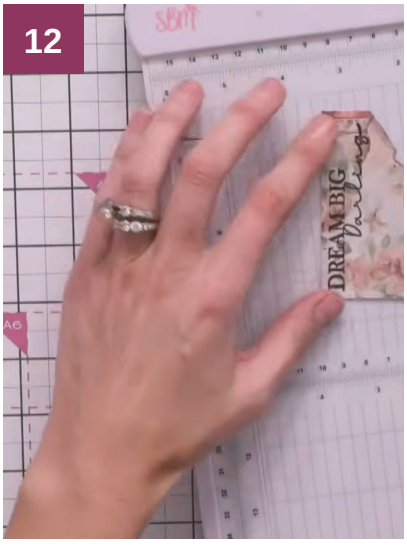
11

PASO 11 DE 16

Stamp a sentiment such as 'Dream Big Darling' onto patterned paper using black ink. Position the stamped sentiment on your card design.

VER ESTE PASO - 37:30

12



PASO 12 DE 16

Trim the stamped sentiment into a rectangle. Distress the edges of the rectangle using a black ink pad.

CONSEJOS DEL PROGRAMA

- Spray card stock with water before embossing to prevent cracking, especially with intense die-cutting machines.
- Get your heat gun hot before applying it to embossing powder—less time on the card means fewer lumps and bumps.
- When fussy-cutting, move the paper rather than the scissors for better control and cleaner results.
