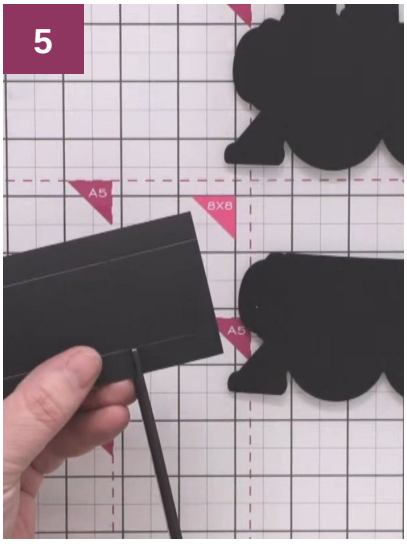
PASO 4 DE 16

Score the black card at half-inch intervals down the length. Then score at 1.5 inches across the width to create fold lines for the box structure.

VER ESTE PASO - 31:15



PASO 5 DE 16

Make small snips into the scored black card at the corners to allow the sides to fold up and create the box shape.

VER ESTE PASO - 32:00

PASO 7 DE 16

Apply red liner tape to the two long edges of the black box structure piece.

VER ESTE PASO - 32:45

VER ESTE PASO - 34:15

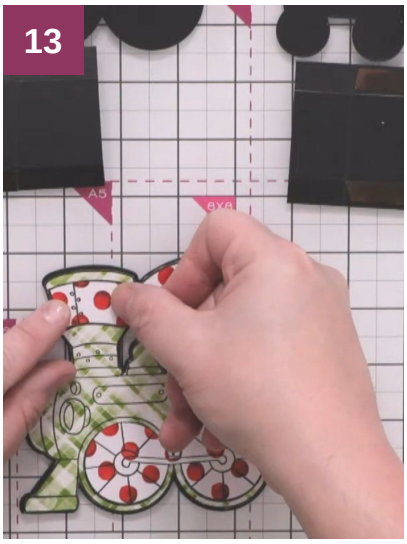
VER ESTE PASO - 35:15



PASO 13 DE 16

Paper-piece the front of each carriage in the same way, using coordinating colours and patterns. The train features green striped patterns whilst the carriages use red polka dot designs.

VER ESTE PASO - 36:30

14

PASO 14 DE 16

Fold in the scored sides of the black box base and attach it between the front and back train pieces using red liner tape to complete the train assembly.

VER ESTE PASO - 39:15

Assemble each carriage by folding the scored base and attaching it between the front and back carriage pieces. Hold the pieces in position whilst the adhesive sets.

VER ESTE PASO - 40:00

CONSEJOS DEL PROGRAMA

- Use black card as a base as it hides all the joins and gluing points nicely.
- Red liner tape is very sticky and holds string securely in place.
- You can personalise the project by placing photographs or names on each carriage, or use it as an advent calendar with 24 carriages.
