

Embossed Window Card with Pencil Shading

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT - 16 DE NOVIEMBRE DE 2022

SOBRE ESTE PROYECTO

Create an elegant vintage-style card featuring a beautiful embossed window design with delicate floral and script details in soft pinks and greys. The embossed elements are enhanced using a simple pencil shading technique, where you tilt a pencil on its side to catch and highlight the raised design, bringing depth and dimension to the piece. This sophisticated card combines 3D embossing with subtle shading for a truly professional finish.

CONSEJOS DEL PROGRAMA

- The pencil shading technique picks up the raised embossed detail without requiring ink or paint.
- You can use a black or coloured pencil depending on the effect you want to achieve.
- This technique works well for masculine cards when combined with foliage and bird elements from the magazine.
