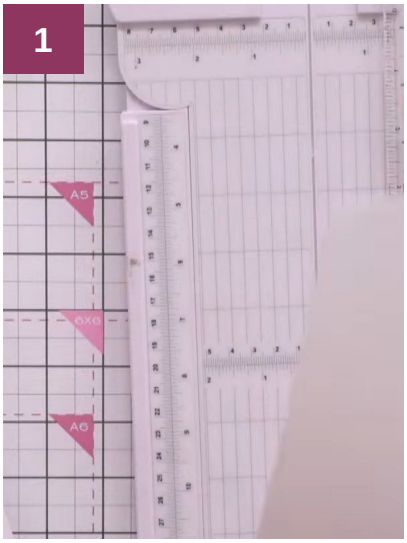
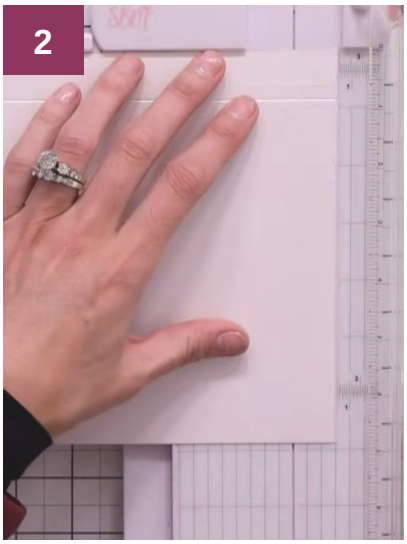
PASO A PASO



PASO 1 DE 8

Cut two pieces of pearl card stock to 7 by 9 inches (approximately 18 x 23 cm). One piece will be used for the box base and one for the lid.

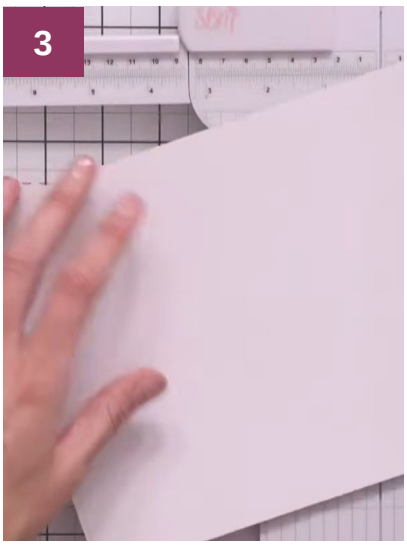
VER ESTE PASO - 51:30



PASO 2 DE 8

Using a guillotine, trim approximately 1mm off the top and one side of one piece to create a slightly smaller lid that will sit inside the base.

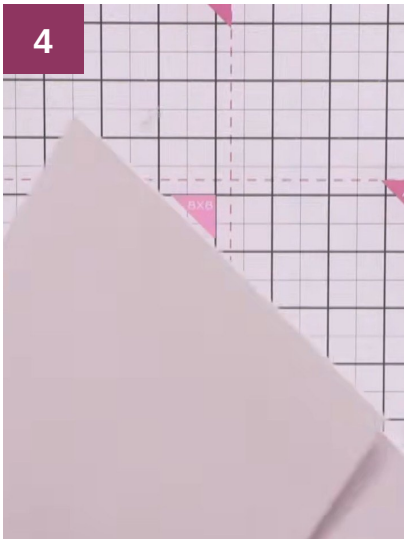
VER ESTE PASO - 53:15



PASO 3 DE 8

Place both pieces of white cardstock in your score tool and score at 3/4 inch intervals all the way around each piece.

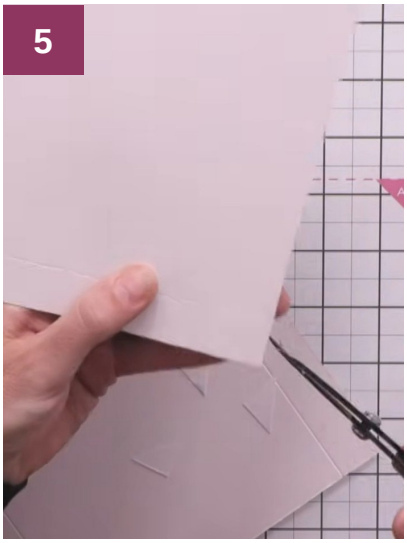
VER ESTE PASO - 53:45



PASO 4 DE 8

Cut diagonally into each corner at the score lines to create small triangles, stopping just before the scored line. This will allow the sides to fold up neatly.

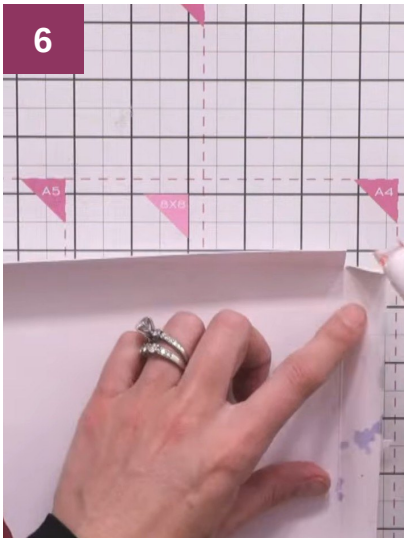
VER ESTE PASO - 54:15



PASO 5 DE 8

Fold up all four sides of the box base along the score lines to create the box walls.

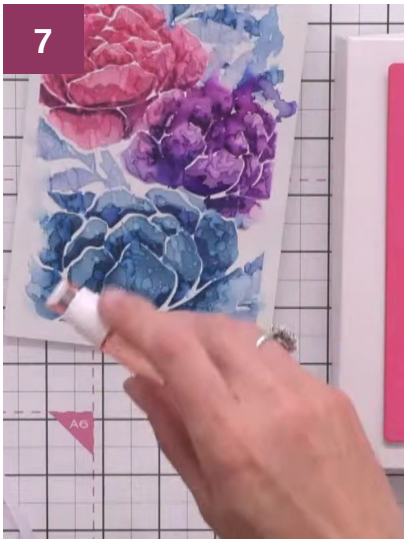
VER ESTE PASO - 54:45



PASO 6 DE 8

Trim your stencilled artwork down to fit neatly on the lid, leaving a small border of the pearl card visible around the edges.

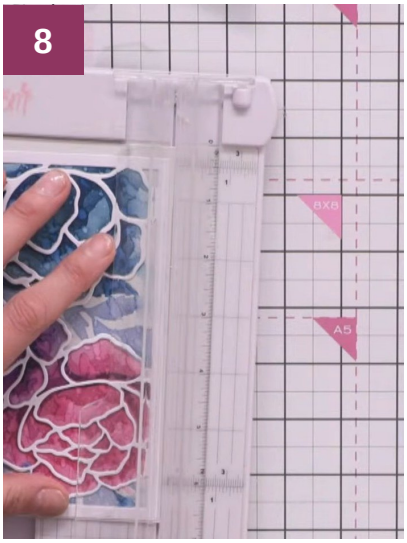
VER ESTE PASO - 56:30



PASO 7 DE 8

Adhere the white die-cut peony frame to the stencilled watercolour background panel using 3D foam pads or tape pen.

VER ESTE PASO - 58:45



PASO 8 DE 8

Apply 3D foam pads to the back of your layered peony artwork. Position and adhere the artwork onto the lid of your pink box, ensuring it is centred.

VER ESTE PASO - 59:30

CONSEJOS DEL PROGRAMA

- Only trim a small amount (about 1mm) from the top and side of one piece, not all four sides, to avoid a baggy box.
- Make sure your artwork is completely dry before layering the white frame on top to prevent smudging.
- You can trim the final edges with a guillotine, but be careful not to cut into your decorative frame.
