

Acetate Window Card with Stamped Bouquet and Nested Frame

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE TOGETHER CLUB - 7 DE NOVIEMBRE DE 2022

SOBRE ESTE PROYECTO

Create this elegant square card featuring a stamped floral bouquet of pink roses viewed through an acetate window. The design is framed by nested die-cut shapes in teal mirror board, with a 'THANK YOU' sentiment below. This clean and simple design uses clever construction techniques to hide all internal workings for a polished finish on both front and back.

PASO A PASO

1

PASO 1 DE 16

Start with a 7 x 7 inch square card base made from white cardstock.

[VER ESTE PASO - 7:15](#)

2

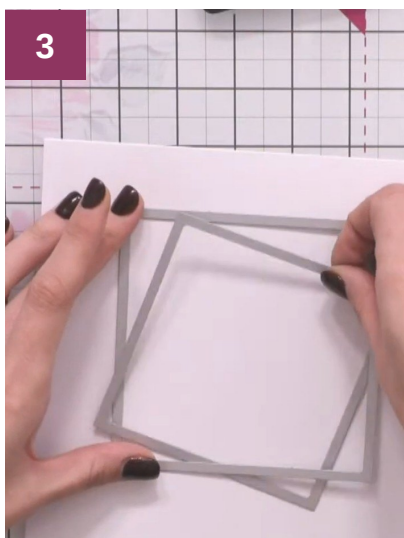

PASO 2 DE 16

Use a square nesting die to cut an aperture window through the front of your folded card base. Position the die to create a frame around the centre of the card front.

[VER ESTE PASO - 7:30](#)

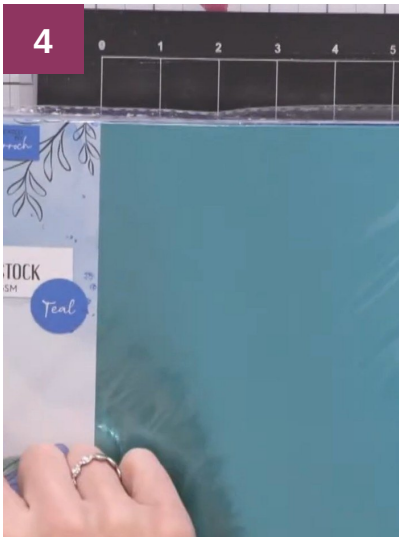

3

PASO 3 DE 16

Place the nested frame die on the card front and secure with tape in the corner. Run the card through your die-cutting machine to cut the window aperture.

[VER ESTE PASO - 8:00](#)

PASO 4 DE 16

Use the same nesting dies to cut two frames from teal mirror board. Select the larger die and the next size down to create a stitched frame effect with two nested layers.

[VER ESTE PASO - 12:30](#)

PASO 5 DE 16

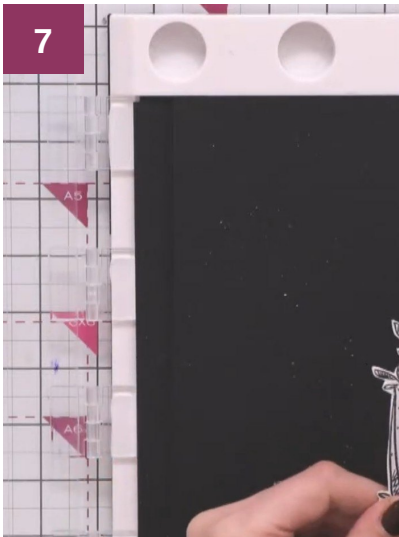

Take two pieces of white cardstock and tape them together temporarily using repositionable tape. This will allow you to work on both pieces at once.

[VER ESTE PASO - 15:30](#)

PASO 6 DE 16

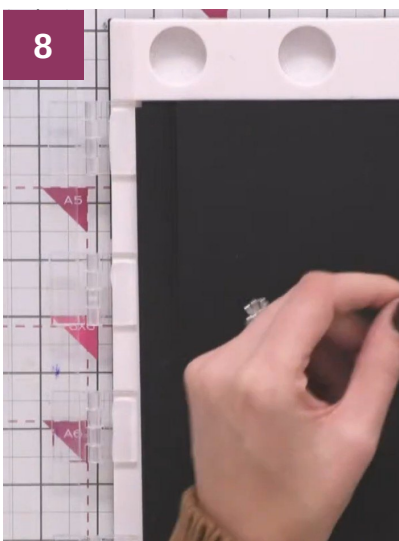

Stamp the bouquet image from the All Mine stamp set in black ink onto the white cardstock piece. Use the blending tool to blend the ink if needed.

[VER ESTE PASO - 16:00](#)

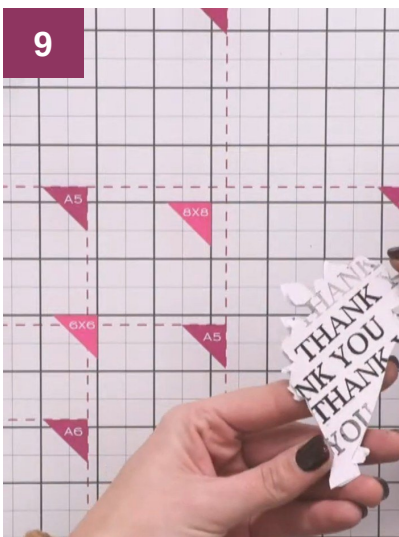

PASO 7 DE 16

Colour the stamped bouquet using pink ink for the roses and green ink for the leaves. Apply the ink directly to the stamped image on the black card.

[VER ESTE PASO - 22:30](#)

PASO 8 DE 16

Fussy cut around the bouquet design, keeping the two pieces of cardstock together so they match exactly.

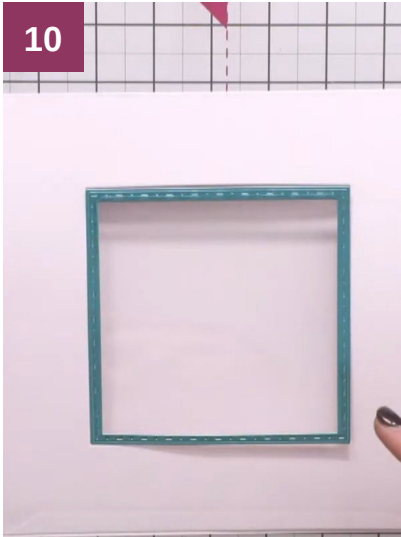

[VER ESTE PASO - 27:30](#)

PASO 9 DE 16

Take the two stamped bouquet pieces that you've cut out and glue them together back-to-back, ensuring the 'THANK YOU' text is visible on one side.

[VER ESTE PASO - 32:45](#)

10

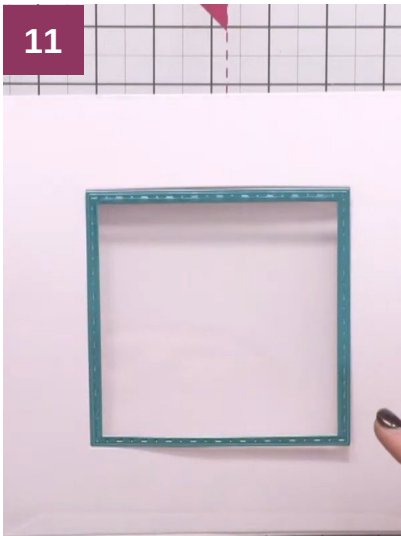

PASO 10 DE 16

Tape a piece of acetate across the inside of the window aperture to create a clear viewing panel. Position the acetate to cover the entire window opening and secure with tape on all edges.

[VER ESTE PASO - 33:45](#)

11

PASO 11 DE 16

Position the teal mirror board frame over the window recess on the front of the card and glue it in place, ensuring it frames the window neatly.

[VER ESTE PASO - 34:30](#)

12

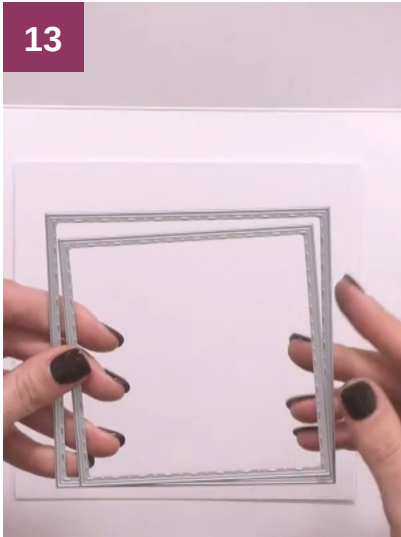

PASO 12 DE 16

Apply glue to the back of the coloured bouquet piece and attach it to the front of the card. Position it carefully so the bouquet design shows through the acetate window in the turquoise frame.

[VER ESTE PASO - 36:00](#)

13

PASO 13 DE 16

Cut a smaller aperture from a 6 x 6 inch piece of white cardstock using the next size down nesting die. This creates a nested frame effect with a smaller window opening.

[VER ESTE PASO - 37:00](#)

14

PASO 14 DE 16

Die-cut another frame from teal mirror board using the next size down from the nesting die set. This will form the inside back layer of your card.

[VER ESTE PASO - 38:00](#)

15

PASO 15 DE 16

Adhere the smaller teal frame onto the 6x6 inch teal cardstock piece to create a layered backing panel for your card.

[VER ESTE PASO - 39:30](#)

16

PASO 16 DE 16

Stamp a sentiment such as 'THANK YOU' onto white cardstock using black ink. Position the sentiment on the card front below the acetate window frame.

[VER ESTE PASO - 42:00](#)

CONSEJOS DEL PROGRAMA

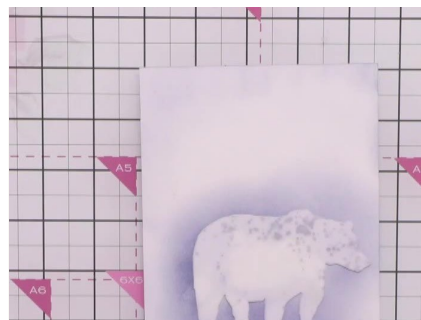

- Tape two pieces of cardstock together before stamping and cutting so you get two identical pieces for front and back.
- Keep the stamped bouquet pieces separate until final assembly—do not glue them together early, as this will show ugly glue lines through the acetate window.
- Before gluing the back panel in place, you can thread gold twine or string through the card so it twists and moves when the card is opened.
