2

PASO 2 DE 8

Mix a small puddle of black watercolour paint on your palette or mixing surface. Use a brush to blend the paint with water until you achieve the desired consistency.

[VER ESTE PASO - 22:00](#)

3

PASO 3 DE 8

Drop black paint into the wet area on your card. Splat water onto the paint to create drips and movement across the surface.

[VER ESTE PASO - 22:15](#)

4

PASO 4 DE 8

Allow the black watercolour paint to dry naturally on the white card. Do not use a heat tool as this may cause the paint to spread unevenly.

[VER ESTE PASO - 22:45](#)

5

PASO 5 DE 8

Mix more black paint with water. Using a paintbrush, paint random horizontal lines across the card to create a varied pattern.

[VER ESTE PASO - 23:00](#)

6

PASO 6 DE 8

Mix white paint with water to create a diluted mixture. Use a fine liner pen or brush to add splats and lines across the card, creating texture and interest over the watercolour background.

[VER ESTE PASO - 24:30](#)

7

PASO 7 DE 8

Use a fine-liner pen or marker to add additional pen lines and details across the watercolour background. Draw lines in various directions to create texture and interest within the monochromatic design.

[VER ESTE PASO - 27:00](#)

8

PASO 8 DE 8

Use a white pen to add small decorative details such as arrow ends or simple patterns to your card if desired.
