

DIY Top-Folding Note Card from A4 Cardstock

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE TOGETHER CLUB - 1 DE NOVIEMBRE DE 2022

SOBRE ESTE PROYECTO

Create a practical top-folding note card from standard A4 cardstock in a soft pink shade. This simple folding technique allows you to make custom-sized cards when pre-made blanks aren't available, using just a cutting mat, trimmer, and bone folder to achieve crisp, professional folds.

PASO A PASO

1

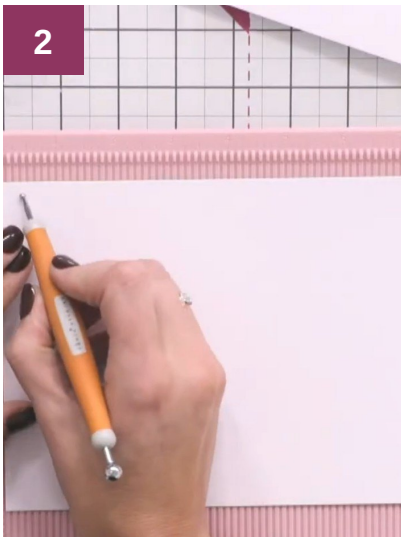

PASO 1 DE 6

Take an A4 sheet of cardstock and fold it in half horizontally. Use a scoreboard to create a crisp fold line down the centre.

2

PASO 2 DE 6

Place one of the card halves on your scoreboard with the top edge positioned at approximately half an inch to one inch from the top. Score a line across the top of the card using your scoring tool.

3

PASO 3 DE 6

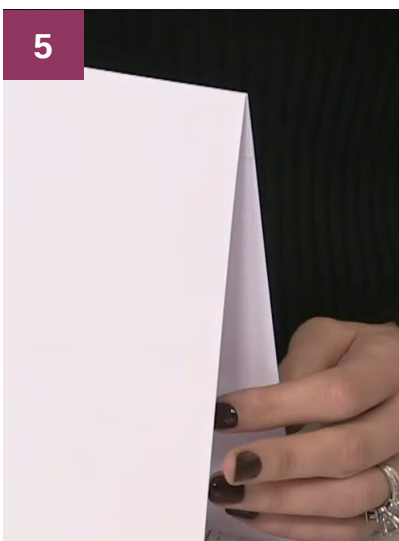

Fold the cardstock along the score line to create the top-folding card shape. Use a bone folder or your fingers to create a crisp, clean fold.

PASO 4 DE 6

Position the folded grey card onto your card base. You can glue it to the exterior for a visible fold, or attach it to the interior for a neater finish.

PASO 5 DE 6

Trim away any excess cardstock from the base edges to create clean, even sides. Use a paper trimmer or scissors to ensure straight cuts and a neat finish.

PASO 6 DE 6

If you glued the fold to the interior of the card, layer a piece of white cardstock inside to hide any visible markings or joins.

CONSEJOS DEL PROGRAMA

- You can score the cardstock at any distance from the top edge depending on your preferred card proportions.
- Gluing the fold to the interior and covering with white cardstock creates a more finished appearance.
