

Textured Crumpled Background Card with Embossed Details

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - MONDAY MADNESS - 24 DE OCTUBRE DE 2022

SOBRE ESTE PROYECTO

Create a stunning card featuring a textured crumpled background that mimics luxurious marble or leather. This technique uses scrunched white card layered with grey and gold inks, finished with embossing powder to create deep creases and a dimensional effect. The Asian-inspired pagoda die-cut sits beautifully against the rich textured background, complete with an inspirational sentiment.

PASO A PASO

1

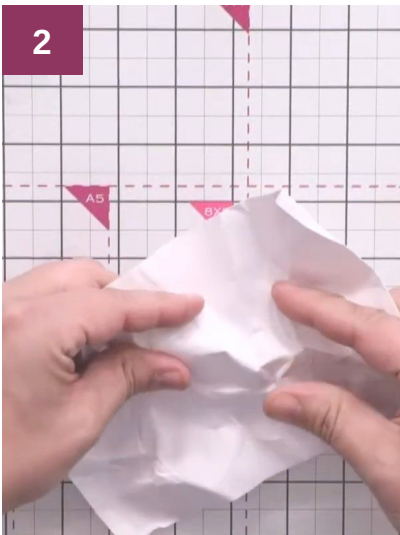

PASO 1 DE 12

Start with a piece of white card approximately 7 by 5 inches.

Scrunch and crumple the card to create texture, ensuring some areas remain less scrunched for variation.

2

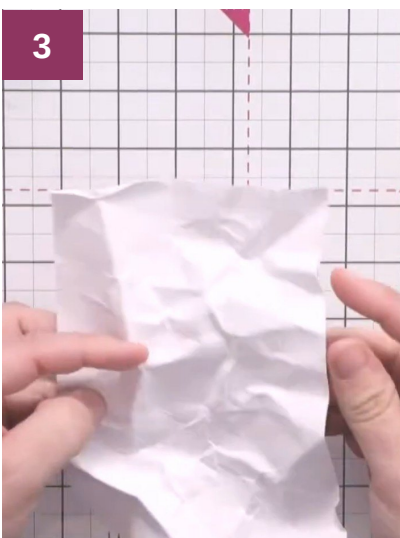

PASO 2 DE 12

Scrunch the white card up tightly in your hands to create deep creases throughout the paper. Work the card into a tight ball to ensure good texture.

3

PASO 3 DE 12

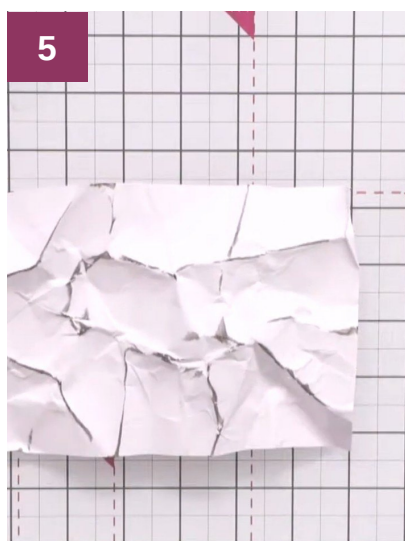

Manipulate the scrunched card with your fingers to create deep creases and add texture throughout. Focus on areas that appear less textured, working the paper to create a nice crumpled effect with varied depths.

PASO 4 DE 12

Using a pale grey ink pad (such as Versafine Clair), lightly brush over the creased edges of the crumpled white paper to add subtle shading and definition to the texture.

[VER ESTE PASO - 9:00](#)

PASO 5 DE 12

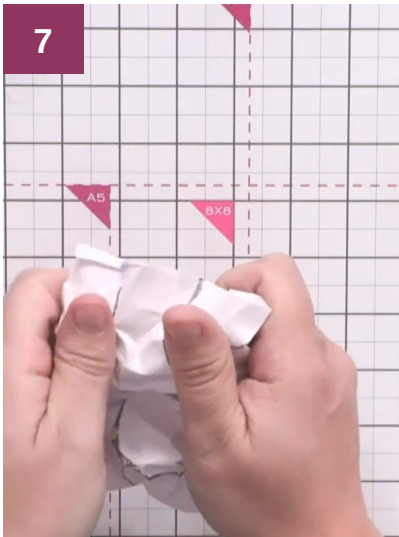

Use a heat tool to dry the inked card completely. This will set the purple ink and prepare the surface for the next step.

[VER ESTE PASO - 9:30](#)

PASO 6 DE 12

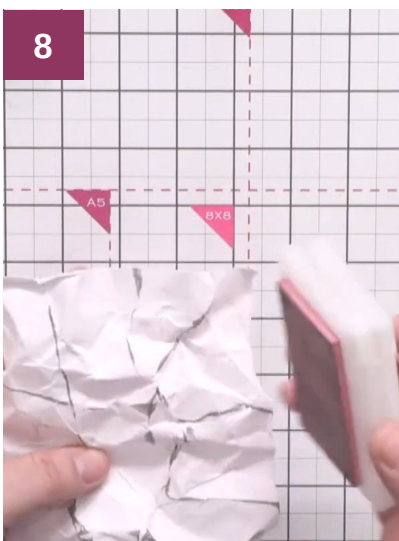

Run an anti-static bag over the grey embossed lines on the crumpled paper to protect them from the next step. Gently rub the bag against the paper to ensure the creases are covered.

[VER ESTE PASO - 10:15](#)

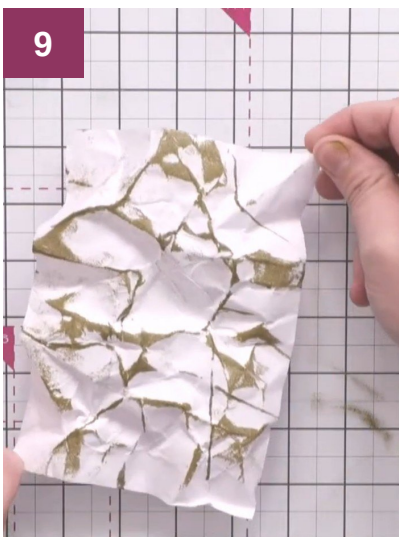

PASO 7 DE 12

Scrunch the card up again in different places to create additional crease marks and texture throughout the paper.

[VER ESTE PASO - 10:30](#)

PASO 8 DE 12

Brush an embossing ink pad over the new crease lines on the crumpled paper, applying light pressure to ensure the ink catches on the raised edges.

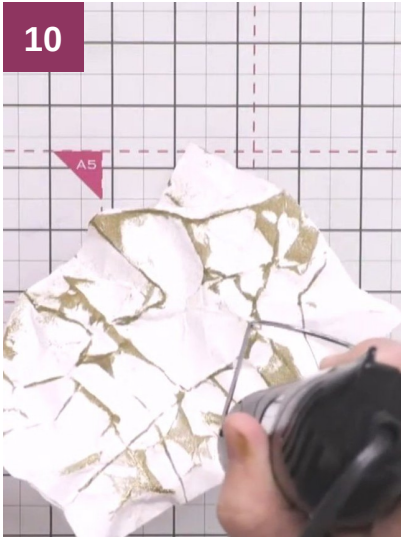

[VER ESTE PASO - 11:00](#)

PASO 9 DE 12

Sprinkle gold embossing powder generously over the crumpled paper where you've applied the embossing ink. Ensure all the inked areas are well covered with the powder.

[VER ESTE PASO - 11:30](#)

10

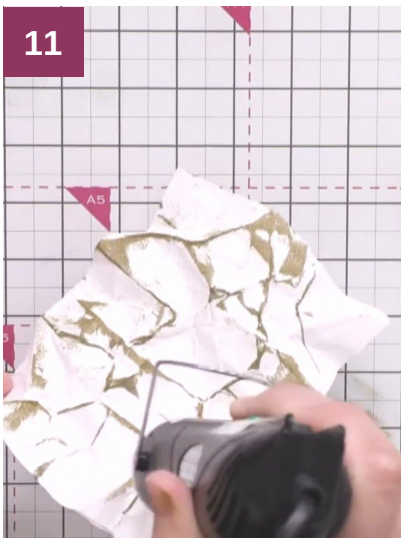

PASO 10 DE 12

Tap off the excess embossing powder from the crumpled paper back into the container for reuse. Ensure all loose powder is removed before heat embossing.

[VER ESTE PASO - 11:45](#)

11

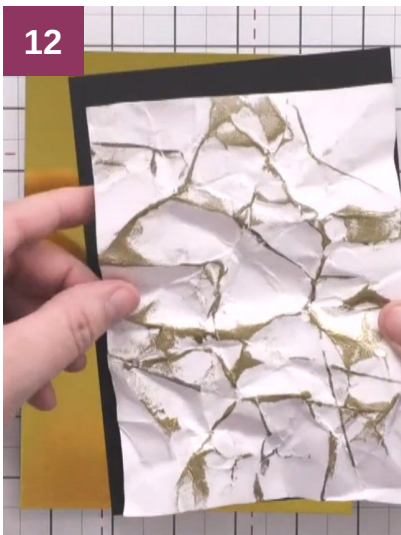

PASO 11 DE 12

Heat the embossing powder with a heat tool, moving it over the surface until the powder melts and sets with a raised, glossy finish.

[VER ESTE PASO - 12:00](#)

12

PASO 12 DE 12

Apply additional grey ink to areas that need more colour depth and layering. Use a heat tool to dry the ink, being careful not to burn your fingers.

CONSEJOS DEL PROGRAMA

- You can reuse scrunched card pieces to create different texture effects.
- This technique works well with different colour schemes depending on your project needs.
- The texture effect works particularly well on coloured card as well as white.
