

Celebratory Wine Bottle and Glass Watercolour Card

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT - 12 DE OCTUBRE DE 2022

SOBRE ESTE PROYECTO

Create an elegant celebration card featuring a watercolour wine bottle and glass on a sophisticated gold-framed background. Using the lamination stamp technique, you'll build up rich purple and pink tones for the bottle and glass, set against a soft halo background created with gentle ink blending. This refined design is perfect for birthdays, anniversaries and special celebrations.

PASO A PASO

PASO 1 DE 11

Position a piece of white cardstock on your cutting mat. Use a Halo tool or masking tape to hold a section in place on the cardstock, creating a masked area where you'll work from the outside in with colour.

PASO 2 DE 11

Lightly dust yellow ink around the edges of the masked area on the white card, working from the outside inward. Use a blending tool or sponge to apply the ink gently.

[VER ESTE PASO - 29:00](#)

PASO 3 DE 11

Apply orange ink over the yellow area, keeping it slightly more concentrated towards the outer edges and not extending as far inward as the yellow to create depth and dimension.

[VER ESTE PASO - 29:15](#)

PASO 4 DE 11

Carefully peel away the masking tape from the card to reveal the soft yellow halo background effect around where your stamped images will be.

[VER ESTE PASO - 29:30](#)

PASO 5 DE 11

Using the blending brushes, pick up the yellow and orange colours from your watercolour background. Apply these colours to the solid portions of the wine bottle and glass stamp, inking the areas that will show the liquid inside.

[VER ESTE PASO - 30:00](#)

PASO 6 DE 11

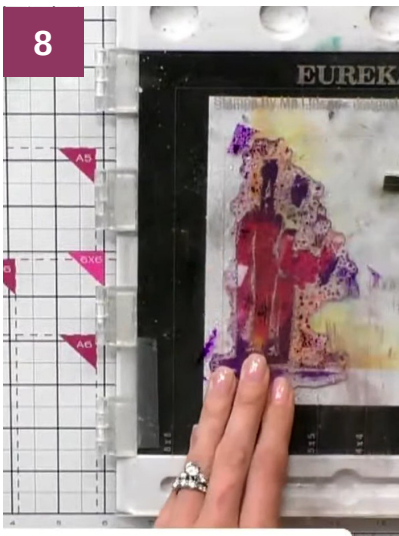

Spray the inked stamp with water to activate the watercolour effect. The water will blend the yellow and orange inks together to create a soft gradient.

[VER ESTE PASO - 30:15](#)

PASO 7 DE 11

Stamp the solid wine bottle image onto your prepared yellow and orange blended background card. Position the stamp carefully and press firmly to ensure a clear impression.

[VER ESTE PASO - 30:30](#)

PASO 8 DE 11

Ink the second layer outline stamp in black and carefully stamp it over the first watercoloured layer, aligning it to create the definition and detail over the background colours.

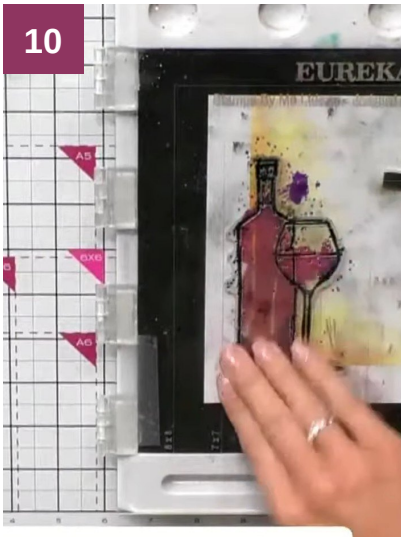

[VER ESTE PASO - 31:00](#)

PASO 9 DE 11

Position the sentiment stamp '100 chance of wine' below the watercolour design and stamp it using black ink onto the card.

PASO 10 DE 11

Add white gel pen highlights to the wine glass and bottle to create sparkle and dimension. Focus on areas where light would naturally catch, such as the rim of the glass and the bottle's surface.

PASO 11 DE 11

Mount your finished watercolour panel onto coordinating cardstock to complete your celebratory wine bottle and glass card.

CONSEJOS DEL PROGRAMA

- You can use just the solid portion without the second layer if you prefer a simpler look.
- Add gel pen highlights and sparkle details to enhance the design further.
- The background halo technique works beautifully with any colour combination you choose.
