## PASO 7 DE 9

Once the watercoloured area is dry, ink the outline portion of the stamp with black ink. Carefully stamp it over the watercoloured dress to add definition and detail.

## PASO 8 DE 9

Choose a sentiment stamp from your set and stamp it onto the side of your card base using black ink. Position the sentiment to complement your coloured dress image.

## PASO 9 DE 9

**Optional: Run the finished card through an HD 3D embossing folder to add texture and dimension to the design.** Feed the card through your die-cutting machine with the embossing folder to create a raised pattern across the surface.

## CONSEJOS DEL PROGRAMA

- The solid portion of the stamp is black on the carrier sheet, showing you where to apply colour
- Watercolour card gives a different result than regular card stock, with ink sitting on the surface longer
- Don't worry about precise colour application; the watercolour effect works best with a loose, experimental approach
