PASO 5 DE 10

Gently pat the ink pad onto the raised portions of the embossed design. Work on one side of the embossing folder, applying the ink to the 3D raised areas. Don't be too precise with the application.

PASO 6 DE 10

Lightly spray the inked embossed design with water to create a watercolour effect. The water will blend and soften the purple ink on the peony and tiger lily design.

PASO 7 DE 10

Remove the embossed card from the folder and set it aside to dry completely before continuing with your project.

VER ESTE PASO - 33:30

PASO 8 DE 10

Using a different ink colour, apply ink to another area of the embossed design to add depth and dimension. Choose a complementary shade that works well with your first colour.

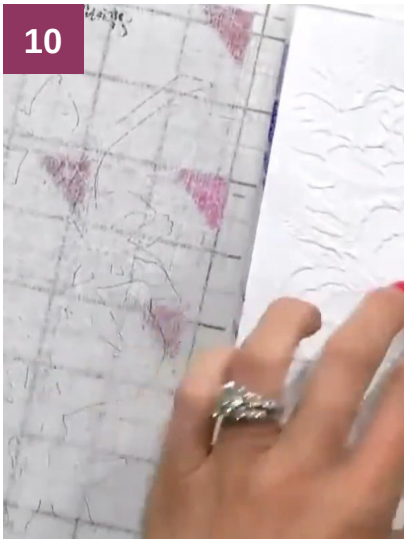
VER ESTE PASO - 34:00

9

PASO 9 DE 10

Use a spot brush to lightly apply colour over specific areas of the embossed design to highlight details and bring the peony and tiger lily to life.

VER ESTE PASO - 34:15



PASO 10 DE 10

Add a sentiment to complete your card if desired, or leave it simple as a one-and-done design. The embossed floral pattern creates a beautiful finished card on its own.

- Don't be afraid to experiment with colour; if you're not happy with the result, you can bend or recycle the card
