PASO A PASO

PASO 1 DE 11

Position the rose stencil in the corner of your card, aligning the registration hearts at the corners. Secure the stencil in place using magnets.

PASO 2 DE 11

Using a sponge dauber, dab white pigment ink through the rose stencil onto the grey cardstock. Build up the colour gradually with a pouncing motion, working over the floral design.

[VER ESTE PASO - 11:00](#)

PASO 3 DE 11

Use a heat gun to dry the first layer of pigment ink thoroughly before applying the next stencil layer. This prevents the wet ink from smudging when you add subsequent layers.

[VER ESTE PASO - 13:30](#)

PASO 4 DE 11

Position the rose stencil over the white base layer. Using the orange pigment ink pad, apply colour through the stencil to build up the second layer of the rose design.

[VER ESTE PASO - 14:45](#)

PASO 5 DE 11

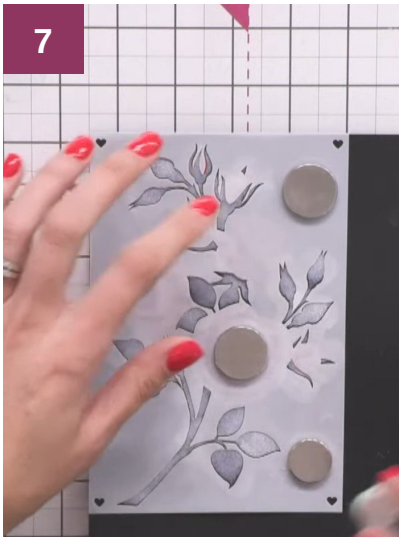

Position the third rose stencil layer over your design and apply a lighter shade of pink pigment ink using the heat tool to build up the three-dimensional effect of the roses.

[VER ESTE PASO - 18:15](#)

PASO 6 DE 11

Position four magnets on the fourth stencil layer on the black cardstock. Apply a white pigment ink base layer through the stencil to create a foundation for subsequent colours to show vibrantly on the black background.

[VER ESTE PASO - 25:00](#)

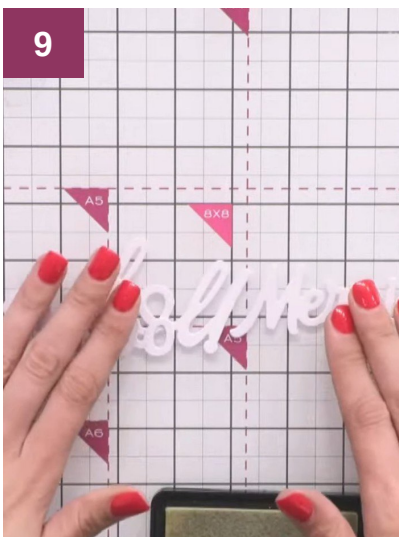

PASO 7 DE 11

Apply olive green pigment ink over the white base layer using the same rose branch stencil. Hold the stencil in place and dab the ink pad over the design. The pigment ink will sit on top of the white layer.

[VER ESTE PASO - 27:45](#)

PASO 8 DE 11

Position the fifth and final stencil layer over your card. Apply dark green pigment ink using a blending tool to add the final leaf details and complete the rose branch design.

[VER ESTE PASO - 30:00](#)

PASO 9 DE 11

Stamp a sentiment onto white cardstock using embossing ink. Apply sparkly WOW powder over the stamped image and heat set with a heat tool to create a raised, shimmery finish.

PASO 10 DE 11

Adhere the die-cut rose design to a black top-folding card base using foam pads for dimension.

CONSEJOS DEL PROGRAMA

- Pigment ink has high oil content, so it stays wet longer than dye ink, allowing you to blend and manipulate colours before they dry.
- You can add clear embossing powder over pigment ink layers to seal them and prevent smudging.
- Experiment with different colour combinations—yellows, oranges, teals and bright pinks all work beautifully with these stencils.
