

Wine Glass Foiled Card with Lamination Stamp

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - FRIDAY LAUNCH - 2 DE SEPTIEMBRE DE 2022

EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create a striking foiled wine glass card using a two-part lamination stamp with vibrant inks and WOW foiling technique. The design features a wine bottle and glass with artistic splats in bold blue, coral and bronze tones that give a modern, celebratory look. This project demonstrates how to achieve professional foiling results without needing an expensive foiling machine.

Del programa: Friday Launch

Mostrado: 2 de septiembre de 2022

El proyecto empieza: 17:00 into the show...

En esta guía: 12 pasos, todos con foto

PASO A PASO

1

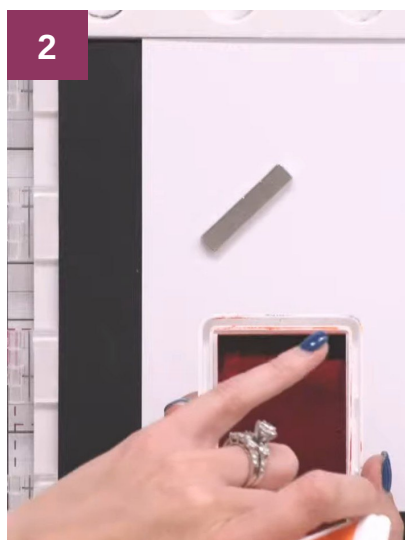

PASO 1 DE 12

Cut a piece of smooth white card stock to your desired card size. This will be the base for your wine glass design.

[VER ESTE PASO - 17:00](#)

2

PASO 2 DE 12

Ink up the solid portion of the lamination stamp with orange and blue ink pads, dotting colour randomly across the design.

[VER ESTE PASO - 19:45](#)

3

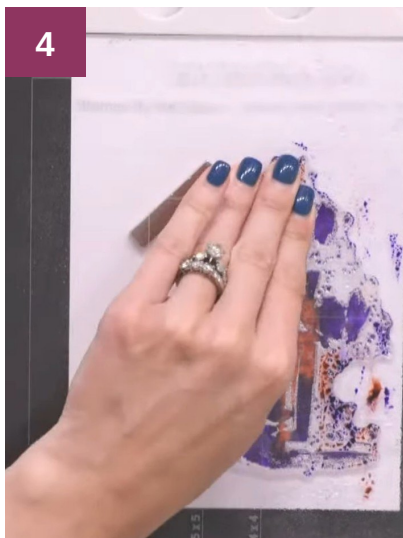

PASO 3 DE 12

Spray the inked stamp generously with water to activate the inks. The water will help create the splattered effect around the wine glass image.

[VER ESTE PASO - 21:30](#)

4

PASO 4 DE 12

Press the lamination stamp firmly onto the card and lift away to reveal the coloured wine glass design with purple and orange tones.

[VER ESTE PASO - 21:45](#)

5

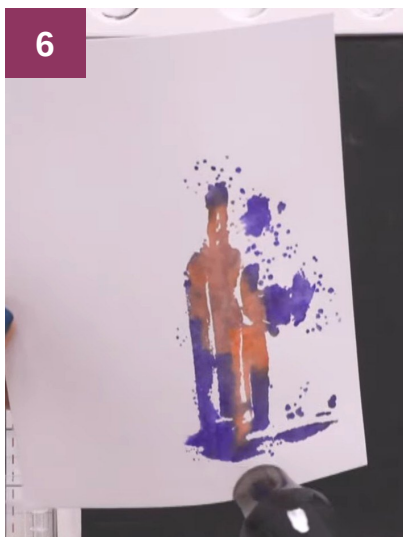

PASO 5 DE 12

Dry the card completely with a heat gun to remove all moisture from the ink before proceeding to the next step.

[VER ESTE PASO - 22:15](#)

6

PASO 6 DE 12

Dust the dried stamped design with an anti-static bag to remove any residual moisture and prepare the surface for foiling.

[VER ESTE PASO - 24:00](#)

7

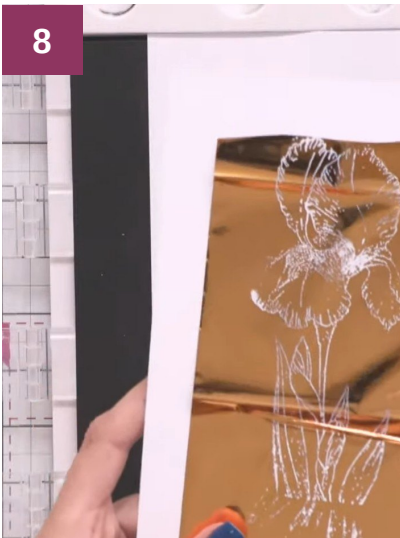

PASO 7 DE 12

Align the detailed outline stamp portion from the lamination stamp set and press it firmly onto the stamped wine glass image on the white card. The design is sporadic, so placement can be adjusted as needed.

[VER ESTE PASO - 24:45](#)

8

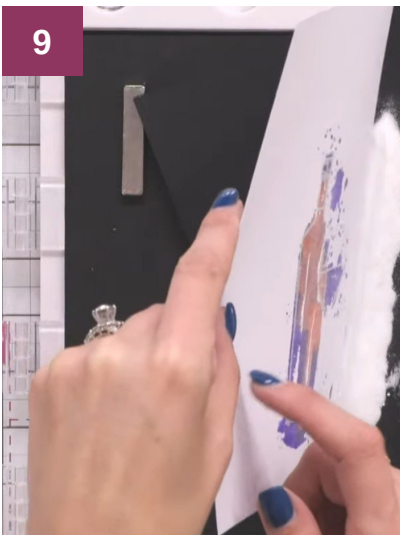

PASO 8 DE 12

Ink the detailed lamination stamp with sticky WOW ink pad, stamping twice onto the gold foil to ensure full coverage of the iris design.

[VER ESTE PASO - 26:45](#)

9

PASO 9 DE 12

Heat the bonding powder with a heat gun until it becomes shiny and tacky. Move the heat gun evenly over the surface to activate the adhesive.

[VER ESTE PASO - 28:00](#)

10

PASO 10 DE 12

Cut a piece of copper foil to size and place it colour-side up onto the heated embossed powder on your card.

[VER ESTE PASO - 30:30](#)

11

PASO 11 DE 12

Gently burnish the foil with your finger, smoothing it over the stamped design to transfer the metallic finish onto the card.

[VER ESTE PASO - 31:00](#)

12

PASO 12 DE 12

Carefully peel away the foil backing from the stamped image to reveal the finished foiled wine glass design.

[VER ESTE PASO - 32:00](#)

hat? I just missed a bit here.

CONSEJOS DEL PROGRAMA

- Ensure the card is completely dry before applying foil, as any moisture will cause the foil to stick unevenly and create blobs.
- Hold the card with a peg or your hand whilst heating rather than on a glass mat, so heat can escape from the base and give better results.
- If you miss an area when foiling, you can reheat the bonding powder and apply foil again to that spot.
