

Washi Tape Butterfly Die-Cut Card with Vintage Background

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - FUNKY TUESDAY - 9 DE AGOSTO DE 2022

SOBRE ESTE PROYECTO

A card made by covering card stock with script washi tape, then die-cutting a butterfly from it to create a patterned focal point. The negative space is used as a second project, layered with vintage butterfly washi tape and heat-embossed sentiment for an elegant, coordinated design.

CONSEJOS DEL PROGRAMA

- When die-cutting washi tape, think about where you position your aperture so the negative space can be used for another project.
- With 10 metres of washi tape on each roll, you can afford to be generous in how you apply it to your projects.
- Don't worry about joining washi tape strips perfectly in the centre of a card if that area will be covered by a die-cut or stamped image.
