[VER ESTE PASO - 29:30](#)**2****PASO 2 DE 13**

Sprinkle green, pink and blue embossing powders randomly across different areas of the stamped fireworks design.

[VER ESTE PASO - 31:00](#)**4****PASO 4 DE 13**

[VER ESTE PASO - 32:00](#)**5****PASO 5 DE 13**

Trim the embossed panel to the correct size and mount it onto a red glitter cardstock background, leaving a white border on the outer edge.

[VER ESTE PASO - 35:30](#)**6****PASO 6 DE 13**

Cut a hill shape from green cardstock matching the width of your card base.

[VER ESTE PASO - 37:45](#)**7****PASO 7 DE 13**

[VER ESTE PASO - 38:30](#)

8**PASO 8 DE 13**

Stamp the elephant with umbrella onto grey cardstock using black Versafine ink, applying firm pressure on textured cardstock.

[VER ESTE PASO - 39:30](#)**9****PASO 9 DE 13**

Fussy cut around the elephant character using scissors, working carefully around legs, trunk and body whilst turning the card rather than your scissors.

[VER ESTE PASO - 41:00](#)**10****PASO 10 DE 13**

Mount the green hill onto the embossed background using foam pads, positioning it at the bottom.

[VER ESTE PASO - 43:15](#)**11****PASO 11 DE 13**

Attach the fussy-cut elephant to the hill using double foam pads to create extra dimension and height.

[VER ESTE PASO - 44:00](#)**12****PASO 12 DE 13**

Heat emboss an umbrella canopy onto red glitter cardstock, fussy cut it out, curl the edges gently with your fingers, and mount it above the elephant using a small foam pad in the centre.

[VER ESTE PASO - 45:15](#)**13****PASO 13 DE 13**

Stamp the 'Make a Wish' sentiment onto black cardstock, cut it into a quirky shape, mount onto blue card with red glitter backing, and position off-centre on the card using a foam pad.

[VER ESTE PASO - 47:15](#)**CONSEJOS DEL PROGRAMA**

- Don't worry about being subtle with embossing powder colours; clash your blues, greens and reds together for a more effective fireworks look.
- When fussy cutting, turn the card rather than your scissors for easier navigation, and don't worry about losing small details like hair or tail.
- Curl the umbrella canopy edges with your fingers to create a raised, dimensional effect that looks like it's protecting the elephant.
