PASO A PASO

1

PASO 1 DE 12

Gather your card blank and off-cut pieces of cardstock in contrasting colours (pink, white, yellow). Arrange them as your base layers.

VER ESTE PASO - 13:30

2

PASO 2 DE 12

Place all components into your cutting machine to hold them in position, or secure with low-tack tape.

VER ESTE PASO - 15:00

3

PASO 3 DE 12

Ink up your stamp with black ink and press it firmly over all the layered pieces, ensuring the stamp reaches into all the crevices and different levels.

VER ESTE PASO - 16:00

4

PASO 4 DE 12

Re-stamp the image a second time to deepen the colour and ensure good coverage across all the layers.

VER ESTE PASO - 17:30

5

PASO 5 DE 12

Cut out the stamped girl image, keeping the fussy cutting simple by trimming away excess background rather than following every hair strand precisely.

VER ESTE PASO - 19:00

6

PASO 6 DE 12

Cut a decorative banner tail from your off-cut cardstock by cutting small triangles at the top corners to create a pointed effect.

VER ESTE PASO - 23:00

7

PASO 7 DE 12

Wrap shiny cord or twine around the banner tail multiple times, then tie it off at the back to create a bow with long decorative legs.

VER ESTE PASO - 27:00

8

PASO 8 DE 12

Apply foam pads to the back of your main layered panel and position it on your card base, ensuring everything is level and straight.

VER ESTE PASO - 29:30

9

PASO 9 DE 12

Glue down the banner tail with the bow, positioning it where you want the focal point to be.

VER ESTE PASO - 33:00

10

PASO 10 DE 12

Layer your cut-out girl images onto the card, positioning them to overlap the banner and create dimension.

VER ESTE PASO - 35:00

11

PASO 11 DE 12

Add your sentiment strip across the card in black, positioning it to work with your design layout.

VER ESTE PASO - 39:00

12

PASO 12 DE 12

Manipulate the twine bow legs by twisting and bending them to create a curved, dimensional effect down the side of the card.

VER ESTE PASO - 42:00

CONSEJOS DEL PROGRAMA

• You don't have to fussy cut precisely around every detail like hair; keep it simple by trimming away larger sections.
• Don't stick everything together until you've positioned all your pads and are satisfied everything is level.
• The shiny cord can be manipulated by twisting it around your finger to create curled legs for the bow.
