PASO A PASO

1

PASO 1 DE 10

Prepare a piece of white watercolour card stock as your base for the project.

2

PASO 2 DE 10

Select the solid portion of the lamination stamp, which is the **colour part featuring the tree design**. This will be used to create the landscape element of your card.

[VER ESTE PASO - 36:15](#)

3

PASO 3 DE 10

Tap the stamp onto multiple ink pads in greens and teals, using random spots of colour for variation across the stamp surface.

4

PASO 4 DE 10

Press the inked stamp firmly onto your white card stock. Spray the stamp with water and press it onto the card stock multiple times to achieve the desired effect.

[VER ESTE PASO - 37:00](#)

5

PASO 5 DE 10

Spray the stamped image with water two to three times. The water will cause the turquoise and teal colours to blend and bleed together, creating a soft, watercolour effect.

[VER ESTE PASO - 37:15](#)

6

PASO 6 DE 10

Blot away any excess water from the watercolour areas using a tissue or paper towel. Gently dab the surface to remove moisture without disturbing the paint.

[VER ESTE PASO - 37:45](#)

7

PASO 7 DE 10

Clean the stamp thoroughly and allow the watercoloured landscape card to dry completely before proceeding to the next step.

[VER ESTE PASO - 38:30](#)

8

PASO 8 DE 10

Line up the detail outline stamp over the coloured watercolour area on the white panel, using the example image on the packet as a positioning guide.

[VER ESTE PASO - 39:00](#)

9

PASO 9 DE 10

Ink the detail stamp in black and press it down firmly over the landscape scene to add fine line work and texture details to the trees and scenery.

[VER ESTE PASO - 40:00](#)

10

PASO 10 DE 10

Heat-set the black ink using a heat gun to prevent smudging. Hold the heat gun over the stamped image and move it gently across the surface until the ink is dry.

CONSEJOS DEL PROGRAMA

- Watercolour card stock allows the ink to stay wet longer, giving you time to move and blend the colours around.
- Less is more with ink pad colour—tap gently to avoid over-inking.
- The detail stamp does not need to line up perfectly; slight misalignment adds to the hand-painted effect.
