Create a stunning festive card featuring a dimensional stag with interchangeable antlers decorated with sparkling lights. This luxury design uses rich browns, golds and reds against a dramatic dark woodland background with pine cones and berries. 7

PASO 7 DE 9

Weave and thread the berries and lights piece through the antlers. Secure with small dots of glue where needed to hold the decoration in place.

8

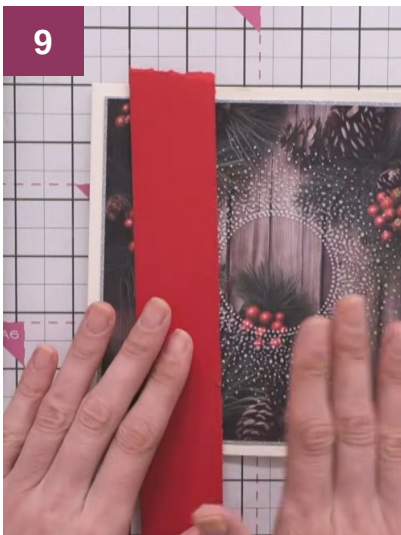

PASO 8 DE 9

Layer the larger antler die-cuts on top of the smaller ones using foam pads to add dimension. Position them carefully to create a layered effect on the stag's antlers.

9

PASO 9 DE 9

Mount the completed stag panel onto a red card base. Use foam pads to add dimension and secure the panel in place.

CONSEJOS DEL PROGRAMA

- You do not have to use the larger antlers; the basic stag works beautifully on its own.
- The lights and berries are optional; you can create a clean, simple card without them.
- Double pad the stag if you have already padded the background panel to keep everything level.
