Select a small to medium brush and dip the tip into the activated confetti ink.

[VER ESTE PASO - 22:00](#)**3****PASO 3 DE 10**

Press the brush tip onto your card, then drag it back to create a leaf shape, releasing pressure as you lift.

[VER ESTE PASO - 22:15](#)**4****PASO 4 DE 10**

Repeat the leaf-making technique across your card using different confetti ink colours, rotating your artwork as you work.

[VER ESTE PASO - 23:30](#)**5****PASO 5 DE 10**

Allow the water to evaporate between colour changes to see the true metallic finish emerge.

[VER ESTE PASO - 24:00](#)**6****PASO 6 DE 10**

Switch to a smaller brush and add clustered dots of confetti ink in groups of three to fill empty spaces.

[VER ESTE PASO - 25:00](#)**7****PASO 7 DE 10**

Use a white gel pen to add a highlight down the centre of each leaf or outline the leaf edges for extra definition.

## CONSEJOS DEL PROGRAMA

- If your brush feels too heavy, swap it for a smaller one to maintain better control.
- Work in clusters of three when adding decorative dots for a balanced, professional look.
- You can use your own metallic paints at home if you don't have confetti ink—just add a tiny amount to your brush tip.
