SOBRE ESTE PROYECTO

Create a festive shaped card featuring a purple-framed window scene with Santa's sleigh and reindeer characters. The card has a decorative stencilled border with stars and sparkles in purple tones, and includes colourful gnome character toppers positioned around the main scene. This project uses waste-free dies to create the shaped card base and combines stencilling techniques with layered die-cut elements for a charming Christmas design.

CONSEJOS DEL PROGRAMA

- When overhanging the die over the card hinge, you can create a shaped card without needing an extra panel on the front.
- You can use sparkly pastes in golds and transparent colours to enhance the stencilled background.
