White-on-White Faux Embossed Peony Background Card

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CATCH UP WITH THE FRIDAY FRENZY - 22 OCTOBER 2021...

SOBRE ESTE PROYECTO

Create the appearance of an embossing folder by die-cutting a large peony design multiple times and layering the pieces onto white cardstock. This technique gives a dimensional, embossed look without needing an actual embossing folder.

CONSEJOS DEL PROGRAMA

- You can cut several layers and build them up for an even more realistic embossing folder effect.
- If you own embossing folders, you can still create your own custom designs using die-cuts from your stash.
- The framed peony designs work particularly well for this technique.
