2

PASO 2 DE 9

Position the stencil over your white card base. Apply Distress Ink through the stencil using a sponge dauber, starting with lighter colours and building up to darker tones for depth.

3

PASO 3 DE 9

Remove the first stencil and position stencil number three over the stamped image. Apply a medium brown Distress Ink through the stencil to add the next layer of detail to the chestnut design.

[VER ESTE PASO - 1:19:45](#)

4

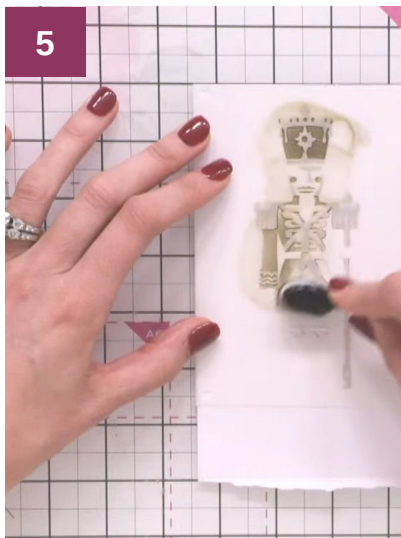

PASO 4 DE 9

Use stencil number four and press darker ink through the design to build depth and variation in the chestnut tones. Apply the ink with a light touch to create subtle shading.

[VER ESTE PASO - 1:20:30](#)

5

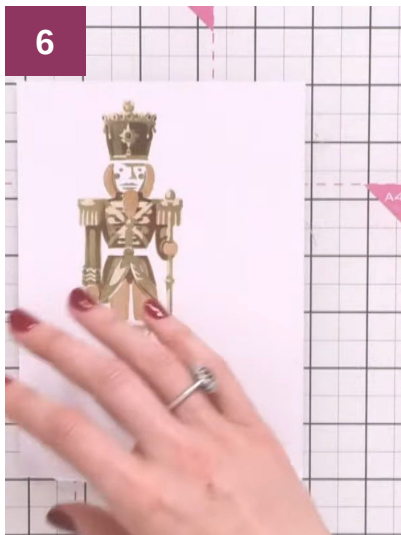

PASO 5 DE 9

Continue layering the stencils, applying each numbered layer in sequence to build up the complete General Chestnut character design. Press firmly to ensure clean, crisp images with each application.

[VER ESTE PASO - 1:21:00](#)

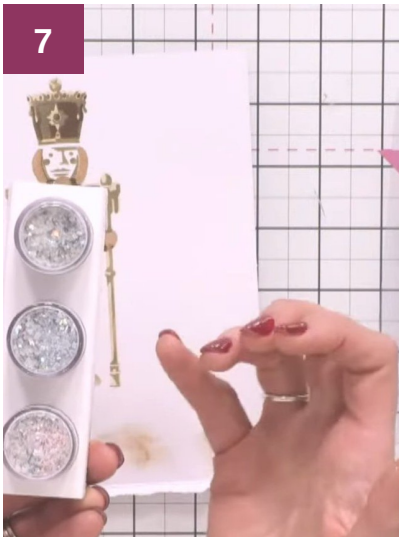

6

PASO 6 DE 9

Line up the coordinating General Chestnut stamp over the stencilled image. Ink the stamp with black ink pad, ensuring even coverage across the detailed design.

[VER ESTE PASO - 1:24:00](#)

PASO 7 DE 9

Press the nutcracker stamp firmly onto the white card panel to add fine detail and definition to the character. Ensure the stamp is aligned with the stencilled image beneath.

[VER ESTE PASO - 1:24:30](#)

PASO 8 DE 9

Carefully remove the stamp from the card to reveal the detailed nutcracker image. Admire the layered effect created by combining the gold and silver stencilling with the stamped design.

[VER ESTE PASO - 1:25:00](#)

PASO 9 DE 9

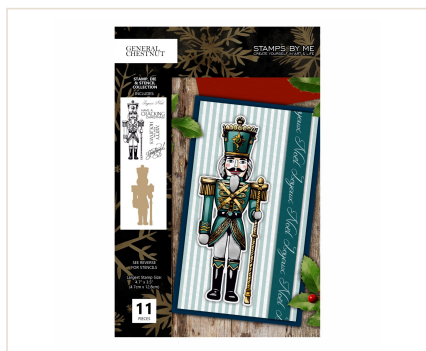

Use the coordinating outline die to cut out the stamped General Chestnut character, creating a finished embellishment ready to use on your card.

CONSEJOS DEL PROGRAMA

- You can use one ink pad and vary the pressure from light to dark rather than using multiple colours.
- Line up stencils at the edge of the card rather than using the heart registration marks for easier alignment.
- The Acorn Versafine ink in brown would look particularly striking with this design.
