PASO 9 DE 10

Add decorative elements to the back cover of your album. You can attach a small pocket made from patterned paper or add an embellished panel using coordinating papers from the collection. Secure in place with adhesive.

CONSEJOS DEL PROGRAMA

- You can make five complete albums from one pack, or use the overstock pieces to create extra embellishments like notepads and bookmarks.
- The album does not need to be made in portrait orientation; you can create landscape versions with pockets positioned across the bottom or sides.
- Use the pre-cut pieces as templates by drawing around them if you want to extend your craft using your own patterned papers and scissors.
