

Watercoloured Fairy with Layered Ink Technique

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - HSN PRODUCT INSPIRATION - 25 DE AGOSTO DE 2026

EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create an ethereal fairy card using a sophisticated layered ink technique on watercolour card stock. Build up soft, blended colours with multiple ink pads, spray with water for a dreamy effect, and emboss the image several times with different colours. Finish by hand-painting delicate details and pushing back highlights with white ink for a dimensional, mystical result.

PASO A PASO

1

PASO 1 DE 13

Cut a piece of white watercolour card stock to fit inside your embossing folder. This will be used to create the background for your fairy image.

2

PASO 2 DE 13

Ink up one corner of the embossing folder with black ink, leaving the rest of the folder clean.

[VER ESTE PASO - 45:15](#)

3

PASO 3 DE 13

Spray the watercolour card stock lightly with water to help the ink move and blend smoothly across the surface.

[VER ESTE PASO - 45:30](#)

4

PASO 4 DE 13

Place the inked card into the embossing folder and run it through the die-cutting machine to transfer the black ink and create the embossed design.

[VER ESTE PASO - 45:45](#)

5

PASO 5 DE 13

Remove the card from your work surface and set it aside to allow the ink to dry slightly before continuing with the next step.

[VER ESTE PASO - 46:00](#)

6

PASO 6 DE 13

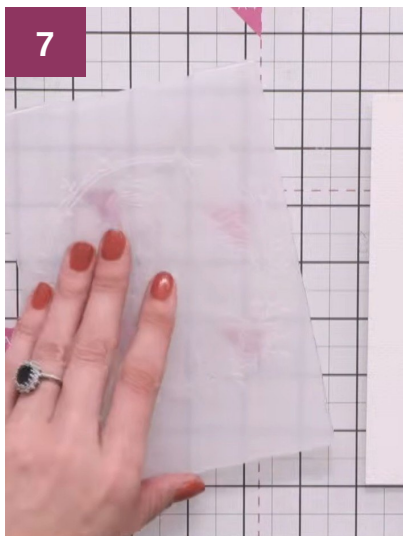

Ink up a different corner of the embossing folder with green ink from your ink pad collection.

[VER ESTE PASO - 46:30](#)

7

PASO 7 DE 13

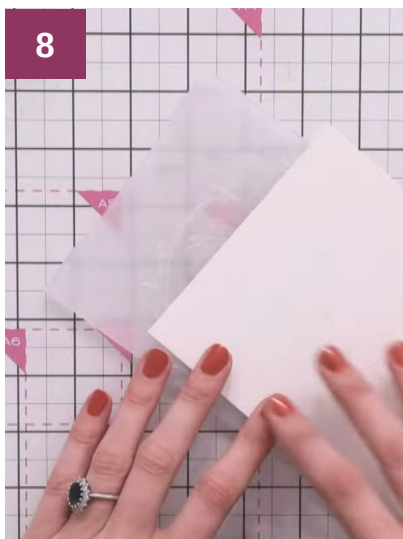

Spray the card again with water. Run it back through the die-cutting machine, carefully lining up the fairy design with the embossing folder.

[VER ESTE PASO - 46:45](#)

8

PASO 9 DE 13

Using a paintbrush, hand-paint colours directly onto the fairy image. Apply yellows to the hair, teals to the dress, oranges to the flowers, and skin tones to the face and arms.

[VER ESTE PASO - 53:00](#)

PASO 10 DE 13

Use a heat tool to completely dry the painted fairy image. Hold the heat tool over the card until all the watercolour is fully dry.

[VER ESTE PASO - 54:00](#)

PASO 11 DE 13

Ink up the entire embossing folder with black ink using an ink pad. Run the card through the die-cutting machine again to bring back all the fine detail and definition to the embossed design.

[VER ESTE PASO - 59:00](#)

12

PASO 12 DE 13

If the fairy's face has become too dark, use a white ink pad to gently dab over the face area to lighten it and push back the detail. Allow the white ink to dry.

[VER ESTE PASO - 1:02:45](#)

13

PASO 13 DE 13

Trim the finished fairy design to your desired size. Mount the trimmed piece onto a card blank to complete your project.

CONSEJOS DEL PROGRAMA

- Watercolour card stock has cotton content rather than chalk, allowing you more time to move the ink around before it dries.
- If the card becomes too dark, spray it with water and use a tissue to suck some colour back out.
- You can run the embossing folder through multiple times with different colours—just line up the design carefully each time.
