SOBRE ESTE PROYECTO

Create an elegant picture frame card featuring a beautiful floral teacup design in soft pinks and creams. This project uses a clever technique of layering coordinating paper strips to build a professional chamfered frame effect without any dies. CONSEJOS DEL PROGRAMA

- This is a clever hack if you don't have dies available or want to create a frame without cutting tools.
- Use low-tack tape initially so you can adjust the strips before committing to the final placement.
- Inking the edges of the frame strips gives a professional, finished appearance similar to a real picture frame.
