PASO 2 DE 10

Fold the card at each score line, alternating the direction of each fold to create a concertina effect with fold-forward and fold-back creases.

PASO 6 DE 10

Cut a second piece of decorative paper slightly smaller than the first. Mark a point along the top edge where you want the border line to end, then cut diagonally from this point down to create the angled border edge.

**PASO 7 DE 10**

Adhere all three decorated panels to the card base using tape, aligning them with the top edge of the card.

[VER ESTE PASO - 36:45](#)**PASO 8 DE 10**

Fussy cut the embellishments from the embellishment pack, including the lady figure and decorative floral elements. Cut carefully around the detailed edges to create neat die-cut style pieces.

[VER ESTE PASO - 40:00](#)**PASO 9 DE 10**

Attach the fussy-cut lady figure to the front of the card using foam pads to add dimension.

CONSEJOS DEL PROGRAMA

- You can decorate the full sheets and panels before cutting, or decorate after cutting – both methods work.
- Keep all your off-cuts as they are brilliant for tags and small projects later in the week.
- Don't be afraid to use the paper collection generously; you have plenty to work with.
